

CORNVILLE ROAD/TISSAW ROAD ROUNDABOUT

Design Concept

WHAT IS THE STUDY PROCESS?

Yavapai County is in the preliminary phases of developing a design concept for the ultimate reconstruction of Cornville Road and Tissaw Road to a roundabout. Key elements of the project include:

- Constructing a multiple-lane roundabout at Cornville Road/Tissaw Road.
- Adding in a connection to planned developments north of Cornville Road.
- Installing new curb and gutter within the project limits.
- Utility and drainage modifications.

WHAT IS THE STUDY PROCESS?

WHEN WILL THE ROUNDABOUT BE CONSTRUCTED?

The project is currently in the design phase, which will be completed in Spring 2023. Funding for construction of this project has not been identified yet.

HOW CAN I GET INVOLVED?

Public comments are a vital component in the decision-making process and one of the many criteria used in developing the design. Please submit a comment on the project website at KaiProject.com/YavapaiCorridors
