

TECHNICAL MEMORANDUM #8

Date: October 1, 2018 Project #: 21289
To: Project Management Team
From: Susan Wright, PE and Molly McCormick (Kittelson & Associates, Inc.)
Subject: Community Transit Vision

TABLE OF CONTENTS

- Introduction 1
- Summary of Work Completed in Previous Tasks 2
- Local Jurisdiction Interviews 15
- Meetings with Organizations 16
- Summary of Desired Service Enhancements 18
- Attachment A: Passenger Survey Results 23
- Attachment B: TAC and CAC Meeting Notes 24
- Attachment C: Open House and VOH #1 Summary 25
- Attachment D: Jurisdictional Interview Summaries 26
- Attachment E: Organizational Interview Summaries 27

INTRODUCTION

The following memo summarizes the efforts to-date to understand the priorities, desires, and needs of the communities served by RVTD's 2040 Transit Master Plan (the Plan). The community outreach conducted thus far includes a passenger survey, advisory committee meetings, an in-person and online open house, local jurisdiction interviews, and meetings with organizations. When this community outreach is combined with planning documents from each local jurisdiction and RVTD (see Technical Memorandum #3), a community transit vision starts to take shape, specifically in the form of desired service enhancements.

IN THIS MEMO

- ▶ Summary of Community Vision Inputs
 - Public Survey
 - Local Jurisdiction Interviews
 - Meetings with Organizations
- ▶ Summary of Desired Transit Enhancements

SUMMARY OF WORK COMPLETED IN PREVIOUS TASKS

The project management team (PMT) has been working on this transit master plan and its supporting memos and activities since December 2017. A summary of outreach activities conducted during that time is provided below.

PASSENGER SURVEY

In February 2018, RVTD administered a passenger survey to better understand the state of the existing transit system. Each run of the day on each route was surveyed for both the weekday and weekend schedules. A total of 726 valid surveys were collected. The summarized data were weighted by route ridership to adjust for over- and underrepresented response rates by route. Passengers were asked about their origin and destination bus stops, travel mode to and from bus stops, trip purpose, transit use, employment, demographics, and fare payment. In addition, they were asked to respond to questions provided by RVTD about customer service. The survey responses will be used to identify transit needs and demand and to inform the development of service alternatives. Detailed passenger survey results can be found in Attachment A.

KEY FINDINGS

- ▶ Customer Satisfaction
 - Customer satisfaction was highest for bus cleanliness (4.45 out of 5), driver customer service (4.39), and TouchPass fare payment (4.28)
 - Customer satisfaction was lowest (but still positive) for bus stop cleanliness (3.66), available seating at bus stops (3.70), and the OneBusAway app (3.99)
- ▶ Safety
 - 90% of riders indicated they felt "Safe" or "Very Safe" on the bus and 68% of riders indicated "Safe" or "Very Safe" at bus stops. 3% of riders indicated they felt "Unsafe" or "Very Unsafe" on the bus.
- ▶ Service Needs
 - Riders identified Sunday service (65%), more frequent Saturday service (35%), later evening bus service (29%), and more frequent weekday service (20%) as top priorities.
 - Riders wrote-in suggestions for new service to Eagle Point (8) and Shady Cove (3) and expanded service in Central Point (3).

- ▶ Origin–Destination
 - 26% of riders had transferred from another route and 27% were transferring to another route.
 - All routes had some level of transferring to/from other routes. The largest percentage of transfers was recorded from Route 60 to Route 30 and from Route 25 to Routes 2 and 24.
 - Rider origins include home (46%), work (13%), shopping (8%), education (8%), medical (6%), and other (12%).
 - Rider destinations include home (36%), work (14%), shopping (12%), education (8%), medical (6%), and other (13%).
 - Route 24 had medical services as the most common destination. Riders on Routes 25, 30, and 60 were most likely to be traveling to work. Riders on Route 25 were almost twice as likely to be traveling to school than any other route.

- ▶ Access to Transit
 - Mode
 - 86% walked or used a wheelchair and 7% biked to their first bus stop from their origin.
 - Route 25 had the highest percentage walk/wheelchair mode split at 100 percent.
 - Routes 10, 24, 40, 60, and 61 had moderate amounts of riders accessing the bus stop via bike.
 - Travel Time
 - Routes 2 and 10 had the highest percentage of riders traveling less than 10 minutes to the bus stop.
 - Route 30 had the most percentage of riders traveling more than 20 minutes to the bus stop. Route 40 had the highest percentage of riders traveling more than 20 minutes to their destination after they get off the bus.
 - Distance
 - 16% of riders traveled one mile or more to get to the bus stop. 17% of riders indicated they would travel one mile or more to get from their last bus stop to their destination.

- ▶ Time and Frequency
 - 71% of riders indicated they were able to make their trip at a different time of day.
 - 60% of riders indicated they use transit 5 or more days per week.
 - Route 25 had the highest percentage of riders that ride 5–6 times per week (78%). It also had the highest percentage of one-day-per-week riders (22%).

- ▶ Access to Other Travel Options
 - If bus service was not available, 22% of riders indicated they would not make their trip.
 - 67% of riders indicated they did not have a valid driver's license.
 - 53% of riders indicated they did not have a working vehicle available in their household.

- ▶ Demographics
 - 10% of riders were age 18 and under and 8% of riders were age 65 and above.
 - Rider ethnicities were white (68%), Hispanic or Latino (10%), other (5%) American Indian/Native American (4%), black/African American (3%), and Asian (2%), while 8% preferred not to answer.

- ▶ Employment
 - Rider occupation status included employed (45%), unemployed (15%), disabled (12%), retired (7%), university student (7%), high school student (6%), veteran (3%), and homemaker (3%).
 - Of employed riders, 8% had 2 jobs and 3% had 3 or more jobs.

- ▶ Income
 - 38% of riders reported household incomes of \$15,000 or less.

- ▶ Fare Payment
 - Fare payment was completed via TouchPass card (39%), cash (36%), employer/school sponsor (6%), token (6%), TouchPass app (5%), or other (3%).

ADVISORY COMMITTEE MEETINGS

In addition to the PMT, two advisory committees have been formed to provide technical and local expertise to the project. The Technical Advisory Committee (TAC) is made up of City, County, and State transportation staff who know the area and are familiar with the type of technical analysis and planning work being completed through this project. The Citizen Advisory Committee (CAC) includes representative from different community service providers, community institutions, the RVTB Board, and the general public. CAC members have a range of comfort discussing the type of technical analysis being completed and more so provide knowledge of the jurisdictions and communities they serve, work, or live in.

These advisory committees review the draft technical memos and guide the next steps for the PMT. The TAC and CAC have each had two meetings to date. The first set of meetings presented the existing conditions of the transit system and discussed existing measures, policies, and demographics. The second set of meetings was focused on discussing the vision statement, goal areas, evaluation criteria, and modeling and analysis tools. Detailed meeting minutes for the TAC and CAC meetings can be found in Attachment B.

OPEN HOUSE AND VIRTUAL OPEN HOUSE #1

The virtual open house was available online June 6–22, 2018 and had 184 participants. The in-person open house occurred on June 6 from 3:00 to 6:00 p.m. at the Medford Public Library. Twelve community members signed in, with several more in attendance. The open house activities sought input on transit needs and priorities for RVTB.

As part of the first set of open house meetings (in-person and virtual), a survey was conducted to better understand community member service desires. The detailed summary of the survey and the open house activities can be found in Attachment C. More detail regarding participant priorities in terms of needs is provided below.

NEEDS SURVEY

The Needs Survey Summary includes responses from both on-line and in-person open house participants. Participants were asked to select coverage, expanded service, improved service, new service, and information and technology improvements that are currently or will be needed in the future. With the exception of the coverage and existing technology ease of use, participants could select multiple options for each question.

Coverage

Participants were asked to select one option as a priority for RVTD from the following:

- ▶ Add Low Frequency Service to New Areas
- ▶ Add High Frequency Service to Dense Areas (Employment & Residential)
- ▶ Expanding Service Hours with Longer Hours

Participants' rating responses are shown in Figure 1. The number of responses is shown within each priority area. As shown, **higher frequency service to dense areas** and **expanded service hours** were of equal priority amongst participants, with low frequency in new areas slightly lower.

Figure 1. Transit Priorities Results

Expanded Service

Participants were asked to select expanded service hour and new city connections needs.

Service Hour Extensions

Participants indicated the need and interest for potential service hour expansions from the following options:

- ▶ Early morning service
- ▶ Late night service
- ▶ Earlier Saturday service
- ▶ Later Saturday service
- ▶ Sunday service

Participants' rating responses are shown in Figure 2. The number of responses is shown within each service hours expansion option. As shown, **late night service** and **Sunday service** were selected the most often, with earlier Saturday service selected the least often.

Figure 2. Expanded Service Hours Results

New City Connections

Participants indicated the need and interest for potential service area expansions from the following options:

- ▶ Grants Pass
- ▶ Eagle Point
- ▶ Shady Cove
- ▶ Klamath Falls
- ▶ Applegate
- ▶ Other

Participants' rating responses are shown in Figure 3. The number of responses is shown within each expanded service area option. As shown, **Grants Pass** and **Eagle Point** were selected the most often and Klamath Falls and Applegate were selected the least often.

Figure 3. Expanded Service Areas Results

Improved Service

Participants were asked to select routes for more frequent service and express service needs.

More Frequent Service

Participants indicated the need and interest for more frequent service for the following options:

- ▶ 2 - West Medford
- ▶ 10 - Ashland
- ▶ 21 - North Medford
- ▶ 24 - RRMC
- ▶ 25 - SW Medford
- ▶ 30 - Jacksonville
- ▶ 40 - Central Point
- ▶ 61 - RCC Table Rock
- ▶ 60 - White City

Participants' rating responses are shown in Figure 4. The number of responses for more frequent service is shown for each route. As shown, more frequent service was most often selected for **Routes 2, 10, and 60** and least often for Routes 25 and 30.

Figure 4. More Frequent Service Results

Express Service

Participants indicated the need and interest for potential service hour expansions from the following options:

- ▶ 2 - West Medford
- ▶ 10 - Ashland
- ▶ 21 - North Medford
- ▶ 24 - RRMC
- ▶ 25 - SW Medford
- ▶ 30 - Jacksonville
- ▶ 40 - Central Point
- ▶ 61 - RCC Table Rock
- ▶ 60 - White City

Participants' rating responses are shown in Figure 5. The number of responses for express service is shown for each route. Similar to frequent service responses, **Routes 10 and 60** were most often selected while Routes 25 and 30 were least often selected. Route 2 is also less frequently selected, contrasting its high selection for frequent service.

Figure 5. Express Service Results

New Service

Participants were asked to select routes for local city circulator, dial-a-ride, and information technology needs.

Local Circulator Bus Service

Participants indicated the need and interest for potential local city circulator routes from the following options:

- ▶ Ashland
- ▶ Central Point
- ▶ Eagle Point
- ▶ Jacksonville
- ▶ Phoenix
- ▶ Talent
- ▶ White City
- ▶ East Medford
- ▶ Northwest Medford
- ▶ Other

Participants' rating responses are shown in Figure 6. The number of responses for local service is shown for each area. As shown, new local circulator routes were most often selected for **Ashland, East Medford, Northwest Medford, Central Point,** and **Eagle Point** and least often for other areas.

Figure 6. Local Circulator Results

Dial-a-Ride Service

Participants indicated the need and interest for potential dial-a-ride services from the following options:

- ▶ Ashland
- ▶ Central Point
- ▶ Eagle Point
- ▶ Jacksonville
- ▶ Phoenix
- ▶ Talent
- ▶ White City
- ▶ Medford

Participants' rating responses are shown in Figure 7. The number of responses for new dial-a-ride service is shown for each area. As shown, dial-a-ride was most often selected for **Ashland**, **Medford**, and **Eagle Point** and least often selected for Talent.

Figure 7. Dial-a-Ride Service Results

Information and Technology

Participants indicated the need and interest for new technology from the following options:

- ▶ Wifi on Buses
- ▶ Real Time Arrival Displays on Shelters
- ▶ Combine Fare Payment and Trip Planning Apps into One App
- ▶ Real Time Arrival Displays on Buses
- ▶ Configure Fare Payment to allow Credit Cards on Buses

Participants' rating responses are shown in Figure 8. The number of responses is shown for each type of information technology improvement. As shown, **real-time arrival displays on shelters** was most often selected and combined fare payment and trip planning app was least often selected.

Figure 8. Information Technology Results

Existing Ease of Use

Participants indicated the existing ease of information finding use from the following options:

- ▶ Very Easy
- ▶ Easy
- ▶ Moderate
- ▶ Difficult
- ▶ Very Difficult

Participants' rating responses are shown in Figure 9. The number of responses for each option is shown. As shown, most participants found existing information finding to be of **moderate difficulty** and no participants selected very difficult.

Figure 9. Ease of Information Finding Results

PROJECT WEBSITE

The project website (<http://rvtd2040transitplan.com>) houses information that allows the general public and the advisory committees to stay informed about the project. Background documents, meeting materials, and finalized technical memos are provided on the website, along with the latest news about upcoming events. The website also provides an interactive map where anyone can write down comments, concerns, or suggestions for specific locations in and around the RVT system.

LOCAL JURISDICTION INTERVIEWS

The PMT conducted several local jurisdiction interviews in parallel to the TAC, CAC, and open house meetings summarized above. Each meeting was conducted as an informal interview, including open dialogue between jurisdiction representatives and PMT members. The list of questions used as a base of conversation for the jurisdictional interviews can be found in Attachment D, along with detailed notes from each interview.

ASHLAND

An interview was conducted with City of Ashland Senior Planner Brandon Goldman on January 25, 2018. The main comments from the City include the following:

- ▶ The City envisions future growth in the Railroad District, Croman Mill, and Normal Avenue
- ▶ The City's transit priorities include a downtown shuttle, providing access for medical trips, and providing early morning and late night service to cover a variety of work shifts
- ▶ The transit triangle project will remove residential density caps in the triangle area (the area bounded by Ashland Street, Siskiyou Boulevard, and I-5).

MEDFORD

An interview was conducted with the City of Medford's Deputy Public Works Director/City Engineer, Alex Georgevitch, and Transportation Manager, Karl MacNair, on January 26, 2018. Main comments from the City include the following:

- ▶ The City has established and several planned Transit-Oriented Developments (TODs), including West Main, Downtown, Barnett, North Medford, and Stuart Meadows
- ▶ Front Street Station is at capacity, and RVT is considering how to expand capacity at the station
- ▶ Bus Rapid Transit (BRT) is envisioned for the future, but express routes to Ashland and White City could be established in the near-term
- ▶ Would like RVT to share where the City can make improvements to facilitate transit

CENTRAL POINT

An interview was conducted with the City of Central Point's Community Development Director, Tom Humphrey, and Parks and Public Works Director, Matt Samitore, on April 3, 2018. Main comments from the City include the following:

- ▶ The City has worked through land use and infrastructure improvements to provide opportunities for more transit service to their community
- ▶ Will be implementing a railroad crossing into the Twin Creeks TOD
- ▶ Would like to serve the Beal Lane area
- ▶ Would like to connect more of the City to the rest of the transit network (and jobs) versus just a city circulator
- ▶ RVTB should be conscious of the shifts and hours of employees, especially for new jobs from the Boise Mill, Twin Creeks TOD, and Amy's Kitchen
- ▶ Consider opportunities to serve the east side of the City
- ▶ During route changes and introduction of new service, attempt to understand which areas of the City need access to the rest of the transit system/downtown Medford and which areas need access to other Central Point destinations
- ▶ Prefer maintaining service on Pine Street and Freeman Road
- ▶ Transportation options should be explored and documented for Tolo

TALENT

An interview was conducted with the City of Talent's Community Development Director, Zac Moody, on June 6, 2018. The main comments from the City include the following:

- ▶ Route 10 had schedule adherence issues resulting in shifting of some of Route 10 to OR 99 instead of Talent Avenue
- ▶ Talent does not envision OR 99 as the main transit route through the City
- ▶ Preference is for transit to go through the heart of town
- ▶ Preference for a circulator system of some kind
- ▶ Potential for an OR 99 express bus
- ▶ Potential to split the Route 10 into two routes, with Talent as the turnaround
- ▶ Options for park-and-rides in and around the City

MEETINGS WITH ORGANIZATIONS

In addition to the local jurisdiction interviews with cities served by RVTB, the PMT conducted meetings with stakeholder group organizations. Detailed notes from each meeting can be found in Attachment E.

OREGON DEPARTMENT OF TRANSPORTATION

A meeting was held with the Oregon Department of Transportation (ODOT) at the RVTD TransLink building on June 7, 2018. Representatives from ODOT included Art Anderson, Ian Horlacher, Jenna Marmon, and Jennifer Boardman. In terms of ODOT facilities, RVTD uses OR 62 and OR 99. The OR62 Bypass project has worked to improve existing OR 62 before jurisdiction is turned over to the City of Medford and Jackson County. There is potential for RVTD to use the new expressway if RVTD has the funding and buses to support express routes on the corridor. Several options discussed regarding OR 62 include

- ▶ Providing service to Eagle Point
- ▶ Creating an express service to Eagle Point and maintaining the normal route on OR 62
- ▶ Providing a park-and-ride near Agate Road

For the near term, the OR 62 expressway passes over Vilas Road without an interchange. In the long term, there may be an interchange at Vilas Road which would provide more options for transit to use the expressway.

The vision for OR 99 is a multimodal corridor. ODOT is committed to helping this vision progress by including treatments such as road diets and downtown streetscapes through towns and implementing transit signal priority (TSP) along the corridor. RVTD is encouraged to develop recommendations for Travel Demand Management (TDM) and transit with regard to the Exit 27 (South Medford Interchange) Interchange Area Master Plan.

UNITED WAY – TRANSPORTATION IMPACT COMMITTEE

A meeting was held with United Way of Jackson County's Transportation Impact Committee at their offices on June 7, 2018. Committee members suggested several ideas for increasing ridership, including:

- ▶ Ensure all stops are accessible
- ▶ Use 15-minute headways to create more opportunities for commuters
- ▶ Concentrate service to low-income and senior housing developments
- ▶ Provide access to Housing Authority complexes
- ▶ Keep in mind that even ¼-mile walk to a stop is difficult for some

The committee was able to anecdotally describe reasons that some employees, such as those at Goodwill and Fred Meyer, do not find transit a reasonable commuting option. Many are worried about service reliability and how the schedule relates to their shifts. Employees are not able to guarantee their shifts and may work during hours when there is no transit service.

SUMMARY OF DESIRED SERVICE ENHANCEMENTS

Based on the interviews, meetings, and outreach conducted to date, there are many potential and desired service enhancements that RVTD could implement through this plan. In addition to the activities completed through this project, many of the plans created by RVTD-served jurisdictions include suggested transit enhancements. These enhancements are listed below, organized by their type (system-wide, jurisdiction-based, or route-based) and illustrated in Figure 10. As the project continues, these enhancements will be vetted for consideration in the final transit master plan.

SYSTEM-WIDE DESIRED SERVICE ENHANCEMENTS

System-wide enhancements are those that can be implemented throughout the RVTD service area. As the transit master plan is completed, these different enhancements will be modeled and prioritized to help determine which combinations of system-wide enhancements are most beneficial and possible within anticipated funding.

- ▶ Expand Saturday service hours
- ▶ Add Sunday service
- ▶ Provide connections to existing and proposed pedestrian and bicycle systems
- ▶ Provide late evening service
- ▶ Provide early morning service
- ▶ Establish BRT service
- ▶ Provide express bus service during peak travel periods
- ▶ Work with cities on funding of service improvements in their area
- ▶ Enhance bus stops to provide covered seating, lighting, schedule information and enhance ADA access.

JURISDICTION-BASED DESIRED SERVICE ENHANCEMENTS

Table 1 describes enhancements focused on an individual jurisdiction or service area.

Table 1. Jurisdiction-Based Desired Service Enhancements

Jurisdiction(s)	Location	Enhancement	Route(s) Affected
Ashland	Railroad District	Provide a transit transfer center in the Railroad District	10 - Ashland
Ashland	Railroad District adjacent to Hersey Street	Establish a park-and-ride location or potential central hub	10 - Ashland
Ashland	Plaza	Provide more space for BRT service	10 - Ashland
Ashland	Downtown	Provide a downtown shuttle	N/A
Ashland	The Croman Mill Site	Establish a park-and-ride location or potential central hub	10 - Ashland
Ashland	Ashland	Expand service area in Ashland	10 - Ashland
Ashland	Ashland	Support fare-free transit in Ashland	10 - Ashland
Central Point	Front Street	Construct sidewalks on the east side of the street	40 - Central Point
Central Point	TBD	Create a transfer center	40 - Central Point
Central Point	TBD	Create a loop route that serves the Twin Creeks TOD and Providence Clinic (Front Street)	N/A
Central Point	TBD	Divert Route 40 to serve the Twin Creeks TOD (using the new crossing to access Front Street) and then add a new route to provide coverage for the rest of Central Point	40 - Central Point
Central Point	TBD	Create a new service that connects RCC to Central Point without going to Medford	N/A
Central Point	Pine Street and Hamrick Road	Create a transit connection at Pine Street/Hamrick Road	N/A
Central Point	Central Point	Create a Valley feeder demand-responsive service in Central Point	N/A
Central Point	OR 99	Service along OR 99	40 - Central Point
Central Point	Twin Creeks TOD	Establish service to the Twin Creeks TOD	N/A
Central Point	TBD	Provide Central Point downtown reverse service (currently only the north side of Pine Street receives service)	40 - Central Point
Central Point	Agate Road near OR 62	Create a park-and-ride	60 - White City
Eagle Point	Eagle Point	Annex into RVTD	N/A
Eagle Point	TBD	Provide park-and-ride facilities	N/A
Eagle Point	Eagle Point	Provide a dial-a-ride service	N/A
Eagle Point	Town Center	Establish the Town Center as a transit center	N/A

Jurisdiction(s)	Location	Enhancement	Route(s) Affected
Jacksonville	TBD	Provide special service for BRITT festivals	N/A
Medford	TBD	Provide radial, neighborhood, and circumferential services	N/A
Medford	Southeast Commercial Center	Extend transit to the Southeast Commercial Center	N/A
Medford	Southeast Village Center TOD	Create a major transit stop or station in the TOD	N/A
Medford	Foothills Road	Roadway improvements and provision for transit	N/A
Medford	Front Street Station	Increase capacity by using two sides of the facility	N/A
Medford	Stuart Meadows "TOD"	Create a stop location to serve the TOD	N/A
Medford	Walmart	Create a transfer center	N/A
Medford	Central Boulevard	Provide service on Central Boulevard	N/A
Medford	McAndrews from East Medford	Provide a new transit route	N/A
Medford	Center, Garfield, Kings, Stewart	Provide a new transit route	N/A
Phoenix	TBD	Provide a city circulator/feeder service in Phoenix	N/A
Talent	OR 99	Address lack of bus service on east side of OR 99	10 - Ashland
Talent	OR 99	Construct pedestrian crossings	10 - Ashland
Talent	TBD	Run a circulator	N/A
Talent	TBD	Create a transit hub in Talent	10 - Ashland
Talent	TBD	Split Route 10 and create a turnaround in Talent	N/A
Talent	Bramo building area (former Walmart site)	Create a park-and-ride	10 - Ashland
Tolo	Tolo	Include employers in transportation options work (ridesharing, vanpool, etc)	N/A

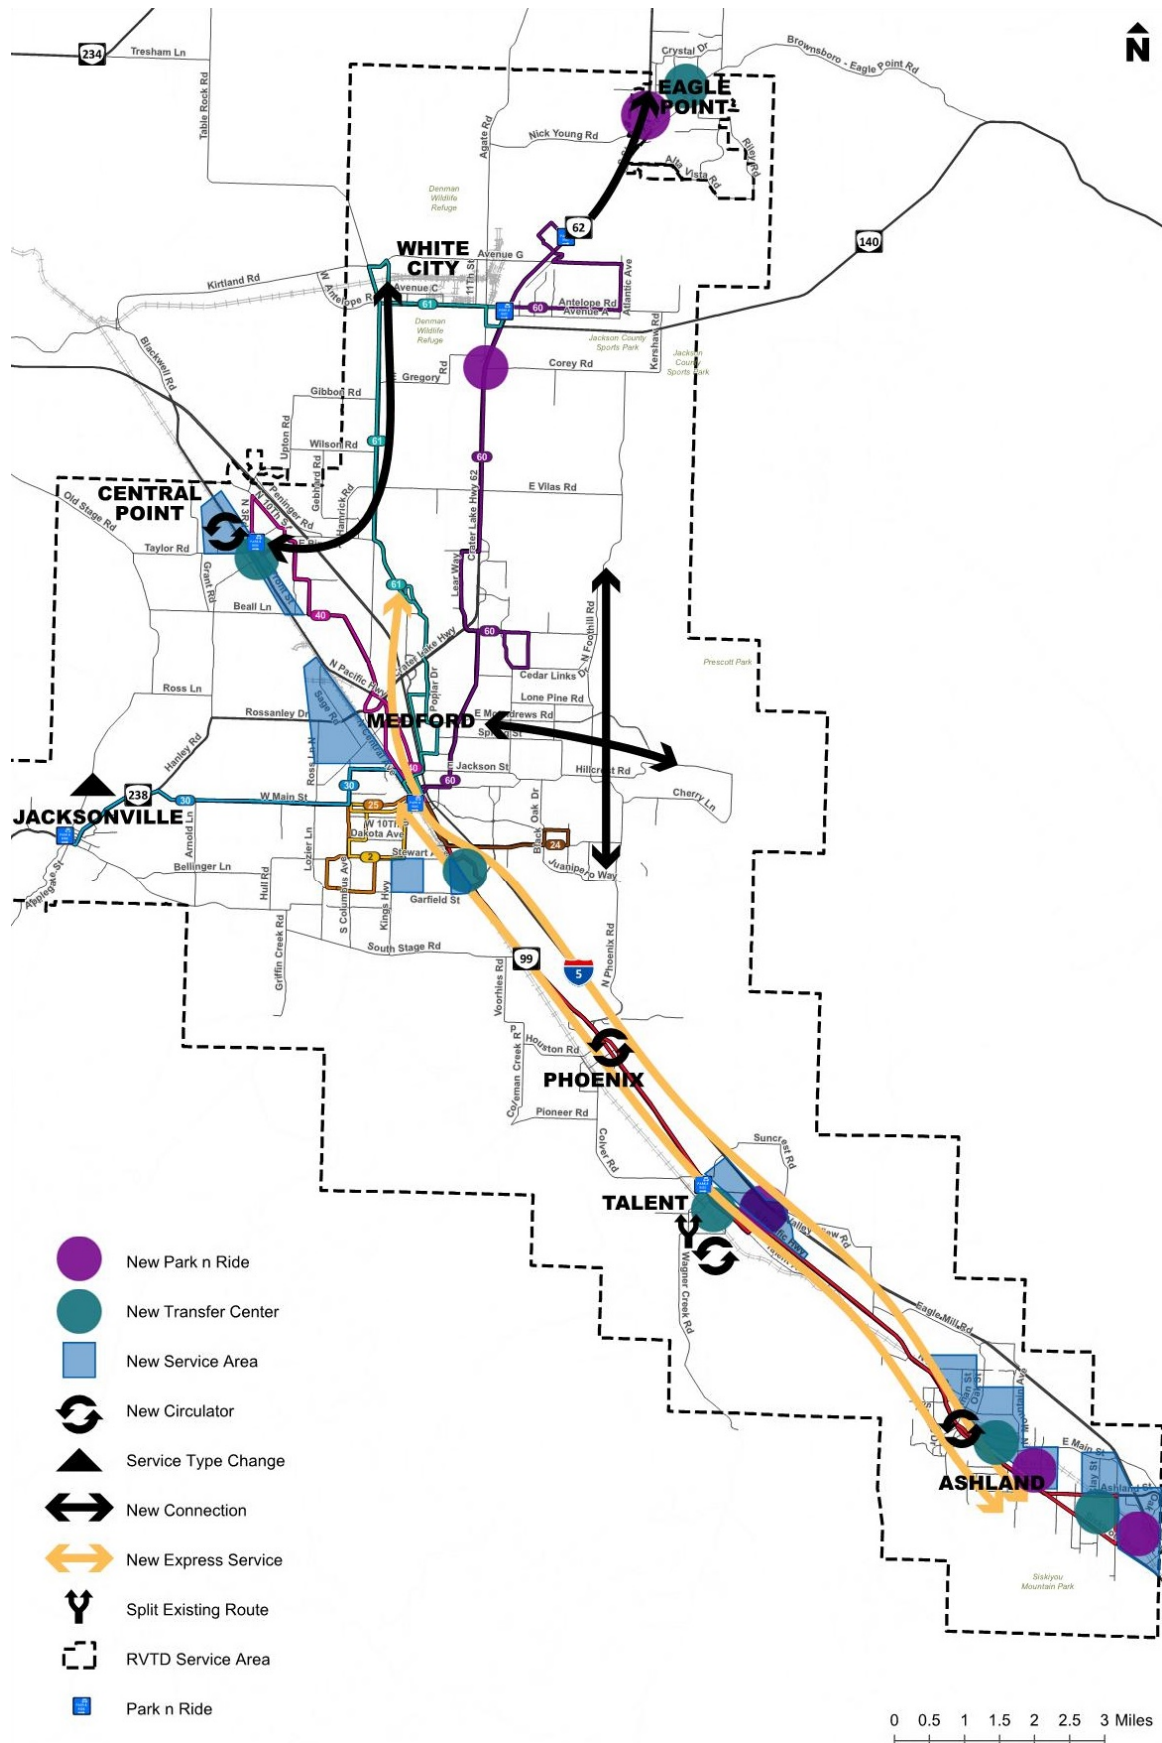

CORRIDOR/ROUTE-BASED DESIRED SERVICE ENHANCEMENTS

Route-based enhancements are those that impact a specific RVTD route; the route may serve one or more jurisdictions. Table 2 highlights these types of enhancements based on project outreach conducted to date, organized by RVTD route.

Table 2. Corridor/Route-Based Desired Service Enhancements

Route(s) Affected	Location	Enhancement	Jurisdiction(s)
10 - Ashland	OR 99	Express route	Medford, Phoenix, Talent, Ashland
10 - Ashland	OR 99	GPS transit signal priority	Medford, Phoenix, Talent, Ashland
10 - Ashland	Route 10	Route 10 service adjustments	Phoenix
10 - Ashland	OR 99	Provide high capacity transit on OR 99 between Central Point and Ashland	Medford, Phoenix, Talent, Ashland
10 - Ashland	I-5	Express route	Medford, Phoenix, Talent, Ashland
10 - Ashland	TBD	Establish express bus service to Medford and the Rogue Valley International Airport	Ashland, Medford
30 - Jacksonville	Route 30	Consider service type change for Route 30	Jacksonville
60 - White City	OR 62	GPS transit signal priority	Medford, White City
60 - White City	OR 62	Sidewalk infill along transit corridor	N/A

Q12 How did you get to the first bus stop on your trip?

Answered: 719 Skipped: 92

ANSWER CHOICES	RESPONSES	
Walked	85.81%	617
Wheelchair/Mobility Device	2.78%	20
Drove Alone	0.14%	1
Bike	7.23%	52
Get picked up	1.95%	14
Uber/Lyft	0.14%	1
Other (please specify)	1.95%	14
TOTAL		719

Q13 How long will it take to get to your destination from the bus stop?

Answered: 696 Skipped: 115

ANSWER CHOICES	RESPONSES	
Less than 5 min. (1/4 mile)	31.03%	216
5-9 min. (1/2 mile)	30.60%	213
10-14 min.(3/4 mile)	20.55%	143
15--19 min. (1 mile)	8.91%	62
20-30 min. (1-2 miles)	6.75%	47
more than 30 min. (2+miles)	2.16%	15
TOTAL		696

Q14 Are you able to make this trip at a different time of day?

Answered: 700 Skipped: 111

ANSWER CHOICES	RESPONSES	
Yes	74.43%	521
No	25.57%	179
TOTAL		700

Q15 How many days a week do you use transit?

Answered: 716 Skipped: 95

ANSWER CHOICES	RESPONSES	
1	6.15%	44
2	7.12%	51
3	12.43%	89
4	13.13%	94
5	31.15%	223
6	30.03%	215
TOTAL		716

Q16 How long have you been a regular transit rider?

Answered: 695 Skipped: 116

ANSWER CHOICES	RESPONSES	
Less than 1 year	28.35%	197
1-5 years	39.14%	272
Over 5 years	32.52%	226
TOTAL		695

Q17 If bus service were not available, how would you make this trip?

Answered: 711 Skipped: 100

ANSWER CHOICES	RESPONSES	
Walk	33.90%	241
Bike	11.95%	85
Would not make this trip	23.21%	165
Drive alone	5.34%	38
Taxi or Uber/Lyft	7.03%	50
Ride with Someone	13.36%	95
Wheelchair/Mobility Device	0.42%	3
Other	4.78%	34
TOTAL		711

Q18 Do you have a valid driver's license?

Answered: 709 Skipped: 102

ANSWER CHOICES	RESPONSES	
Yes	31.73%	225
No	68.27%	484
TOTAL		709

Q19 How many working vehicles are available to your household?

Answered: 704 Skipped: 107

ANSWER CHOICES	RESPONSES	
None	56.53%	398
1	24.29%	171
2	12.36%	87
3 or more	6.82%	48
TOTAL		704

Q20 What is your age?

Answered: 726 Skipped: 85

ANSWER CHOICES	RESPONSES	
16 - 18	10.74%	78
19 - 24	13.22%	96
25 - 44	34.44%	250
45 - 64	32.92%	239
65-84	8.26%	60
85 or older	0.41%	3

Q21 What is your gender?

Answered: 733 Skipped: 78

ANSWER CHOICES	RESPONSES	
Female	42.29%	310
Male	55.80%	409
Prefer not to answer	1.91%	14
TOTAL		733

Q22 What is your ethnicity?

Answered: 727 Skipped: 84

ANSWER CHOICES	RESPONSES	
Asian	1.79%	13
Black	3.85%	28
Prefer not to answer	3.99%	29
Hispanic or Latino	11.55%	84
American Indian	3.44%	25
White	70.98%	516
Other	4.40%	32
TOTAL		727

Q23 Are you...(fill in all that apply)

Answered: 725 Skipped: 86

ANSWER CHOICES	RESPONSES	
Full-time worker	26.21%	190
Part-time worker	17.79%	129
Homemaker	2.76%	20
Unemployed	16.97%	123
University student	6.90%	50
High School Student	6.07%	44
Retired	7.17%	52
Disabled	12.55%	91
Vereren	3.59%	26
TOTAL		725

Q24 If employed, how many jobs do you hold?

Answered: 357 Skipped: 454

ANSWER CHOICES	RESPONSES	
1	78.15%	279
2	15.97%	57
3 or more	5.88%	21
TOTAL		357

Q25 Personal Income?

Answered: 662 Skipped: 149

ANSWER CHOICES	RESPONSES	
Less than \$10,000	41.99%	278
\$10,000-\$14,999	14.95%	99
\$15,000-\$19,999	6.95%	46
\$20,000-\$24,999	7.55%	50
\$25,000-\$34,999	6.95%	46
\$35,000-\$49,999	4.98%	33
\$50,000-\$74,999	1.36%	9
\$75,000 or more	0.76%	5
Prefer not to answer	14.50%	96
TOTAL		662

Q26 Household Income?

Answered: 654 Skipped: 157

ANSWER CHOICES	RESPONSES	
Less than \$10,000	32.87%	215
\$10,000-\$14,999	13.00%	85
\$15,000-\$19,999	7.03%	46
\$20,000-\$24,999	9.48%	62
\$25,000-\$34,999	6.27%	41
\$35,000-\$49,999	6.12%	40
\$50,000-\$74,999	3.67%	24
\$75,000 or more	2.29%	15
Prefer not to answer	19.27%	126
TOTAL		654

Q27 How many people are in your household including yourself

Answered: 707 Skipped: 104

ANSWER CHOICES	RESPONSES	
1	34.65%	245
2	23.76%	168
3	18.10%	128
4	8.49%	60
5	5.66%	40
6 or more	9.34%	66
TOTAL		707

Q28 Including yourself, how many people in your household are employed?

Answered: 539 Skipped: 272

ANSWER CHOICES	RESPONSES	
1	55.10%	297
2	27.83%	150
3	10.20%	55
4	3.34%	18
5	1.48%	8
6 or more	2.04%	11
TOTAL		539

Q29 How did you pay for this trip

Answered: 712 Skipped: 99

ANSWER CHOICES	RESPONSES	
Cash	40.03%	285
Token	5.34%	38
TouchPass card	41.57%	296
Employer/School Sponsored	6.32%	45
TouchPass mobile app	3.79%	27
Other (please specify)	2.95%	21
TOTAL		712

Q30 Additional Feedback

Answered: 384 Skipped: 427

Q1 Which service change should be a top priority?

Answered: 308 Skipped: 7

ANSWER CHOICES	RESPONSES	
More frequent bus service on existing weekday routes	20.45%	63
More frequent bus service on existing Saturday routes	34.74%	107
Adding bus service on Sundays	64.61%	199
Earlier morning bus service	10.39%	32
Later evening bus service	28.90%	89
An express route between Medford and Ashland	10.39%	32
A new route to	6.49%	20
Total Respondents: 308		

Q2 How safe do you feel while:

Answered: 311 Skipped: 4

	VERY SAFE	SAFE	NEUTRAL	UNSAFE	VERY UNSAFE	TOTAL	WEIGHTED AVERAGE
On the bus	60.13% 187	29.58% 92	7.72% 24	1.93% 6	0.64% 2	311	4.47
At bus stops	34.49% 99	33.45% 96	28.22% 81	3.48% 10	0.35% 1	287	3.98

Q3 Please rate RVTD's quality of services:

Answered: 298 Skipped: 17

	VERY SATISFIED	SATISFIED	NEUTRAL	DISSATISFIED	VERY DISSATISFIED	TOTAL	WEIGHTED AVERAGE
Cleanliness of buses	55.70% 166	35.91% 107	6.38% 19	1.68% 5	0.34% 1	298	4.45
Available seating on buses	37.33% 109	41.10% 120	17.81% 52	3.08% 9	0.68% 2	292	4.11
Clarity of onboard stop announcements	45.17% 131	36.55% 106	13.79% 40	3.45% 10	1.03% 3	290	4.21
Cleanliness of stops	27.87% 80	28.92% 83	27.53% 79	12.20% 35	3.48% 10	287	3.66
Available seating at bus stops	27.84% 81	32.99% 96	22.34% 65	15.12% 44	1.72% 5	291	3.70
Driver's customer service	57.59% 167	26.55% 77	13.79% 40	1.03% 3	1.03% 3	290	4.39
OneBusAway App	40.88% 112	23.36% 64	30.66% 84	4.01% 11	1.09% 3	274	3.99
TouchPass Fare	56.47% 157	18.35% 51	22.66% 63	1.44% 4	1.08% 3	278	4.28

Q4 Contact Information

Answered: 270 Skipped: 45

ATTACHMENT B: TAC AND CAC MEETING NOTES

TAC MEETING #1 SUMMARY

APRIL 3RD, 2018 – 1:00 – 2:30 PM
RVT TRANSLINK - 239 E BARNETT ROAD, MEDFORD, OR
971.244.7300, CONF. ID: 29903#

SUMMARY

MEETING ATTENDEES

JURISDICTIONS/ORGANIZATIONS:

Karl MacNair and Karla Paladino (City of Medford); Scott Fluery and Nathan Emerson (City of Ashland); Ray DiPasquale (City of Phoenix); Josh Chandler (City of Jacksonville); Tom Humphrey (City of Central Point); Mike Upston (City of Eagle Point); Andrea Napoli (RVMPO); Ian Horlacher and Jennifer Boardman (ODOT); Andrea Miranda (Housing Authority)

RVT STAFF:

Paige West, Jon Sullivan, Julie Brown, Tim D'Alessandro, Tim Fountain, Edem Gomez, Tonia Moro (RVT Board, Chair)

CONSULTANT TEAM:

Susie Wright and Molly McCormick (Kittelson & Associates, Inc.), Ryan Farncomb (Jacobs)

DESIRED OUTCOMES

- ▶ TAC member understanding of project and comfort level with role
- ▶ Project team understand TAC member interests in transit and desired outcomes
- ▶ Feedback from TAC on background information

AGENDA

TIME	SUBJECT	LEAD PRESENTER	GUIDANCE REQUESTED
1:00	Welcome and Introductions	Paige West/ RVTD	
1:05	Project Background and Desired Outcomes	Paige	Confirm Understanding, Questions for Clarification
1:10	Project Overview (schedule, process, TAC role, public involvement)	Susie Wright/ Kittelson	Confirm Understanding, Questions for Clarification
1:20	Overview of background information (Memos 1, 2 and 4)	Susie	<p>Memo 1 – Existing Transportation Services – Is there additional information you think would be helpful for guiding the plan?</p> <p>Memo 2 – Evaluation Criteria– Which evaluation criteria are most important to you? Are there other criteria the project team should consider?</p> <p>Memo 4 – Demographics and Population Forecast - Is there additional information you think would be helpful for guiding the plan?</p>
2:10	TAC Member Desired Outcomes	Susie	<p>How do you interact with RVTD and what do you know about transit use and users in your community?</p> <p>What are two things you'd like to see achieved through the TMP update process? What do you see as potential risks of the project?</p>
2:30	Next Steps/Adjourn	Susie	

MEETING NOTES

- ▶ Welcome the TAC members
 - RVTD serves seven communities requiring diplomacy and consideration of equity, service distribution, and other issues
 - Planning for 25 years; current plan was for 10 years
 - Through the State Transit Improvement Fund, RVTD will be implementing projects in 2019, 2020, and potentially 2021
 - RVTD's transit development plan will be submitted to the Oregon Transit Commission in spring 2019, as a requirement to receive the funding
 - Will include performance measures, which are self-elected by RVTD and formation of a Transit Advisory Committee
 - No further guidance thus far via the rule-making

- Some evaluation criteria discussed through this plan will be used solely to narrow down the project lists through this planning process, while others will be transitioned into performance measures for monitoring in the future
- RVTD has a long history of being progressive with innovative projects and wants to continue with to keeping up with technology
 - OneBusAway app, farebox system, upcoming onboard wifi, installing and improving ITS equipment on buses
- ▶ Introduce RVTD Transit Master Plan project and review role of the TAC
 - RVTD was formed in 1975
 - Required to have fixed-route bus service and the complimentary paratransit services with FTA 5307 funds
 - RVTD has also elected to provide additional services, as explained in Memo 1
 - Going to be using TBEST model (RVTD's calibrated short-term model) and TPAU's JEMnR model to help with the planning process
 - TPAU's model will help with estimating mode shift in the longer-term (2042 future year)
 - Can do 5 model runs, or scenarios, through TPAU (of the whole district service area)
 - TBEST is shorter-term (10-years) and only estimates transit ridership
 - Online commenting map available through the project website (www.rvtd2040transitplan.com/) will be available throughout the project
 - TAC responsibilities
 - The project team is looking for consensus and support through these meetings
 - Please review packets in advance
 - If you are silent, the silence will be taken as consent to the information that has been shared at a meeting
 - Please provide any additional written comments (or at least a warning of upcoming comments) by the following Monday after a meeting
 - TAC member questions/ comments
 - Performance measures will need to be updated at some point; is this part of the project? Be careful not to have strict policy-driven performance measures that cannot be modified, especially if tied to funding.
 - The project team is looking at evaluation criteria for scenario/project planning, which may eventually become performance measures
 - Some measures currently used are policy-based and voted on by the RVTD board
 - This plan does not necessarily need to go that route because then the measures cannot be tweaked without board approval
 - STIF will have performance measures that are required, but those will be policy-based
 - Don't be too dependent on unreliable funding sources
 - The plan will address funding in the Revenue chapter

- ▶ Discuss TAC member interests in transit and desired outcomes
- ▶ Provide overview of project background information (Memos 1, 2, and 4)
- ▶ Memo 1 - Existing Transportation Services
 - TAC member questions
 - Did you gather any economic data in the onboard passenger survey?
 - Yes: household income, employment status, number of jobs if employed
- ▶ Memo 2 - Evaluation Criteria
 - Memo 2 focuses on those criteria that are most applicable to service planning
 - TAC member comments - what are important criteria to be considering?
 - Performance measures associated with choice ridership
 - Choice riders are the potential highest untapped market
 - Understanding who wants to use transit versus those dependent on it
 - Desirability of transit
 - What can be done to enhance service to attract choice riders?
 - Something to measure how effective the TOD projects are in terms of transit utility and value to enhancing ridership
 - Convenience
 - Transit trips no longer than 1.5 times the personal car trip length
 - Onboard wifi available for long commute trips
 - RVTD hopes that cities recognize there is only so much RVTD can do to improve service before cities need to step in and help shift the mode use
 - Less available free parking – perhaps a good criteria would be percentage of paid or limited term parking near transit
 - Car-share or vanpool capabilities
 - Policy and TOD overlay districts that have options to car ownership
 - Serving essential regional destinations and mixed-use areas is important to attracting choice riders
 - Defining essential destinations would be key
 - When there are more key destinations located near each other, it makes it easier to serve
 - Density of the essential/central destinations
 - Availability and proximity to housing
 - Under “community” potential evaluation criteria, percent of current and future mixed-use will continue to be important in future years
 - Farebox recovery ratio measure should not be viewed as an important evaluation criterion- we may never get it very high.
 - Can review with the CAC and Board
 - Relative degree of stakeholder/public support, on the other hand, is very important

- The natural, built, and cultural resources at risk measure might not be as important
 - Under scenario evaluation criteria, is total ridership the important measure? Or ridership per capita? Should ridership be a funding criteria or more locally defined (strict policy-driven or more flexible)
 - Bus stop amenities and making improvements seems important
 - We had a similar comment in the CAC about bus stops being improved to have better seating.
 - Evaluate sidewalk network around bus stops and look at efficiency of transit service to the key destinations.
 - Evaluate the ease of ridership- information to passengers, apps and fare like the TouchPass. Also partnerships with employers and relationships with transit passes should be measured.
 - Look at connections to other modes, transit relies on connections to bicycling networks and connecting to carsharing locations, etc. measure the ability to connect to mobility hubs.
 - Look at ridership demographics during peak commute times.
- ▶ Memo 4 - Demographics and Population Forecast- The group elected to not review this technical memo in the meeting so that time could be reserved to continue hearing from TAC members.
- ▶ TAC member comments - What are the two most important items the project should address?
- RVMPO
 - Prioritizing service to low-income, zero-car households
 - Medford
 - Attracting choice riders
 - Serving the existing downtowns in the valley
 - Medford
 - Understanding what facilities the city needs to enhance in conjunction with the RVTD- provided services (amenities at bus stops, further partnering between RVTD and local jurisdictions)
 - Jacksonville
 - People in Jacksonville are used to personal vehicle use
 - High priority would be flawless routes to schooling,
 - Getting to/from South Medford High School would be inconvenient with current routes (after-school activities, access to part-time jobs)
 - Timing of routes and transfers
 - Understanding when highest ridership is happening
 - Is there an impact on the percentage of working age group that can be served since most of the service is provided during the day when they might be working?
 - RVTD's peak of ridership is the middle of the day
 - Part of the reason is part-time workers using the service
 - A lot of people don't want to rely on the last bus for a route

- Extending hours will create a greater sense of reliability
- ODOT
 - Accessibility
 - Coordination between cities and where the jurisdictional needs
 - Efficiency aspect: are we getting the biggest bang for our buck?
 - Ability to fluctuate how much funding goes to different routes and programs based on best returns
- ODOT
 - Spreading knowledge of the ease of ridership with RVTD services
 - A lot of people don't even know what buses are out there despite RVTD's marketing efforts
 - It is easy to use but people don't know
 - Funding, STIF funds
 - Make the connections in the plan between cities
 - Reliability and on-time performance is important for being able to serve people going to work
- Ashland
 - Equity and serving the populations that most need the service
 - Reinforcing the work that cities need to do on the land-use side
- Phoenix
 - Think through the details
 - Clean, safe, dependable, inviting service
 - Publicizing and cross-marketing needs to be done more aggressively
 - Measures: would like to understand the younger ridership
 - Capture that population to change habits early so they know that transit is an inviting mode option
 - As part of funding, RVTD has to use 1% on youth programs
 - Incorporating a youth ridership metric?
 - Bus passes to all high schoolers?
 - Until there is a stronger downtown core, phoenix will not be doing time-based parking or paid parking
- Central Point
 - Convenience, reliability, desirability
 - Choice riders
 - Want to make it possible for people to depend on the service
 - Integrating planning and operations objectives is a strength of RVTD
 - If a business owner doesn't want a bus stop at their frontage, able to call RVTD and figure it out
 - Ability to clarify all the common goals between businesses, schools, cities, RVTD, housing authority
 - Maybe should require local jurisdictions to have RVTD review any development applications, roadway projects, or plans
 - Not currently mandated so RVTD receives only what the jurisdictions think to share

- Ashland
 - Want extended hours, more weekend service, GHG-reduction
 - RVTD understands GHG reduction but would also see shifting drivers to use transit for some trips is a way to also achieve this.
 - Being able to serve the aging community
- Eagle Point
 - Convenience
 - Want to provide a comfortable system for walking/biking/using transit
 - The city completed a transit study in 2011-2012
 - Would look to target employees since many citizens travel outside of Eagle Point to jobs south of the city
 - High school kids looking for a way to get around
 - Students going to SOU and RCC
 - Downtown loop service was explored
- As a committee, we should be careful about comparisons with big metro areas since that is not the same environment/density that RVTD is working with
- Housing Authority
 - Performance measures should focus on
 - Choice riders
 - Wanting to increase revenues so can increase service
 - Proximity to employment centers, parks, medical
 - Extended hours of service is also important

CAC MEETING #1 SUMMARY

APRIL 2ND, 2018 – 1:30 – 3:00 PM
RVT TRANSLINK - 239 E BARNETT ROAD, MEDFORD, OR
971.244.7300, CONF. ID: 29903#

SUMMARY

MEETING ATTENDEES

JURISDICTIONS/ORGANIZATIONS:

Janelle Wilson, Brad Earl, DeeAnne Everson, Karen Zerger, Jay Harland, Pamela Norr, Eric Leal, Ed Smith-Burns, Greg Holmes, Jim Herndon, Robin Lee, Michelle Glass, Patrick McKechnie, Francis Plowman, George Adams, Kevin Keating, Al Densmore,

RVT STAFF:

Paige West, Jon Sullivan, Julie Brown, Tim D'Alessandro

CONSULTANT TEAM:

Susie Wright, Molly McCormick

DESIRED OUTCOMES

- ▶ CAC member understanding of project and comfort level with role
- ▶ Project team understand CAC member interests in transit and desired outcomes
- ▶ Feedback from CAC on background information

AGENDA

TIME	SUBJECT	LEAD PRESENTER	GUIDANCE REQUESTED
1:30	Welcome and Introductions	Paige West/ RVTD	
1:35	Project Background and Desired Outcomes	Paige	Confirm Understanding, Questions for Clarification
1:45	Project Overview (schedule, process, TAC role, public involvement)	Susie Wright/ Kittelson	Confirm Understanding, Questions for Clarification
2:00	Overview of background information (Memos 1, 2, and 4)	Susie	<p>Memo 1 – Existing Transportation Services – Is there additional information you think would be helpful for guiding the plan?</p> <p>Memo 2 – Evaluation Criteria– Which evaluation criteria are most important to you? Are there other criteria the project team should consider?</p> <p>Memo 4 – Demographics and Population Forecast - Is there additional information you think would be helpful for guiding the plan?</p>
2:30	CAC Member Desired Outcomes	Susie	<p>How do you interact with RVTD and what do you know about transit use and users in your community?</p> <p>What are two things you'd like to see achieved through the TMP update process? What do you see as potential risks of the project?</p>
2:50	Public Comment		
3:00	Next Steps/Adjourn	Susie	

MEETING NOTES

- ▶ Welcome the CAC members
 - This is a long-range plan; 25-year plan to replace the current 10-year plan
 - Will identify projects/programs in implement during three timeframes: 5, 10, and 25 years
 - 5- and 10-year plans will be important because they will identify the prioritized projects/programs for near-term implementation

- RVTD wants to keep up with cutting-edge technology and trends while also focusing on the day-to-day service
- Need this plan to access upcoming State Transit Improvement Fund funding; available starting in 2019
- Consulting team includes Kittelson & Associates, Inc, Angelo Planning Group, and Jacobs
- ▶ Introduce RVTD Transit Master Plan project and review role of the CAC
 - Discussed 7 main desired outcomes of the project
 - Increase the use of transit
 - Reduce reliance on single occupancy vehicles
 - Identify near-, mid-, and long-term improvements to transit routing, stops, and amenities
 - Identify whether the RVTD service area should be extended
 - Provide different funding scenarios for the implementation of proposed changes
 - Provide a Transportation Options plan for use by RVTD and local jurisdictions
 - Recommend local jurisdiction plan and code amendments that are supportive of transit and active transportation
 - Project schedule
 - Five CAC meetings throughout two-year schedule
 - Project handout has broad information on expectations for CAC members for each meeting
 - There will be a variety of types of outreach implemented throughout the process: CAC, TAC, open house, jurisdictional and organization meetings, RVTD Board meetings, transit design charrettes
 - If there is an organization that a CAC member is part of, or knows of, that they believe the plan would benefit from a meeting with, please let Paige and/or Susie know
 - Project website: rvtd2040transitplan.com
 - Feel free to share the above link to anyone who is interested in this project or who wants to provide comments
 - The public handout is also available on the project website; feel free to share
 - A commenting map will be continuously available for public input via the website during the project
 - CAC member expectations
 - Please review any memos and materials before the meeting
 - Ideally, every member will be able to attend every meeting or send a representative in your place
 - If the project team does not hear from you, silence is assumed as consent with the information that was shared with the committee
 - CAC feedback is wanted on a meeting-by-meeting basis
 - Each meeting's agenda will attempt to identify what feedback the project team is looking for from the CAC

- There are a few big milestones where feedback will be needed to make crucial decisions that will affect the future steps of the plan
 - Evaluation criteria verification
 - Verification that prioritized list of projects/programs is appropriate and agreement with near-term, mid-term, long-term plans
- Any additional comments that you are unable to express during the CAC meetings should be provided to Paige, in written form, by the following Monday
- Questions from CAC
 - Will the CAC ideas be restricted by funding?
 - Not mandated by law to have a financially-constrained project list, but for the near-term, RVTD will look to plan for projects that they can implement within their forecasted budget
 - The long-term list can include bigger reaches
- ▶ Discuss CAC member interests in transit and desired outcomes
 - Tabled to later in the meeting
- ▶ Provide overview of project background information (Memos 1, 2, and 4)
- ▶ Memo 1 - Existing Transportation Services
 - Service Area expansion will be explored in the plan
 - Specifically considering Eagle Point, Tolo, and Gold Hill and Rogue River
 - Eagle Point voted down being annexed into the district in 2014
 - Service in the area is provided by RVTD, as well as some other transportation services
 - RV Commuter Line, SouthWest POINT, Amtrack, Greyhound, Medford airport, southern Oregon transit providers
 - Fixed-route bus service and paratransit service within ¾-mile of fixed route service (Valley Lift) are mandated through the FTA funding
 - All other RVTD services have been adopted over year by RVTD to meet a community need or through partnerships
 - Charges for services cover approximately 14 percent of the general fund revenues, this is within range and normal compared to national data
 - Approximately 25 percent of stops are not wheelchair-accessible
 - Accessibility will be considered through the plan
 - Questions from CAC regarding the Onboard Passenger Survey
 - Are non-riders surveyed?
 - Not through the discussed passenger survey
 - Hoping to incorporate non-riders through other means
 - Maybe a mailing or through online surveying
 - Open Houses/Online Open Houses for the project will invite any and all members of the public to discuss the plan
 - If you have any venues or opportunities for reaching other populations, please let Paige know
 - Passenger Survey

- Would like to have things that are interesting or surprising highlighted in the passenger survey summary to help with the policy-making decision; not just a summary of those things that are expected
- Would like to see the Valley Lift $\frac{3}{4}$ -mile service area on the service map (RVTD service area, MPO area, Jackson County)
- Park and rides – did not realize these were an available resource. How are they advertised?
 - There is signage around each area and ODOT maps
 - Locations include:
 - Front Street Station
 - Talent City Hall
 - Central Point 2nd and Manzanita
 - White City SORCC
- ▶ Memo 2 - Evaluation Criteria
 - Reviewed applicable performance measures from plans and policies pertinent to RVTD and from peer agencies
 - Measures currently important to CAC members:
 - Seems like there is high number of stops that are not ADA-accessible
 - Would be an easy and measurable impact
 - Why is “percentage of minority population within $\frac{1}{4}$ mile of transit route or stop” only a project-level criterion and not for both project-level and scenario-level?
 - Can include for both sets of measures

What is the difference between a project and a scenario?

A project is one addition or enhancement such as a new route or longer service hours, a scenario looks at all the routes and service combined in one package.

- Majority of passengers are of working age
 - Some measures around on-time service would be important
 - Maybe an economic or community criterion with relation to on-time work arrival
- As these measures are being applied, would like to have a better organization and grouping of them
 - To provide further understanding of the tension between different criteria areas
 - Organize where there is tension or synergy between two groups of criteria
 - Potential four groups for criteria
 - Density of service
 - How often is it running?
 - How long is it running?
 - Qualitative
 - ADA, etc.
 - At the next CAC meeting, the criteria will be better organized and further streamlined to what is most important to RVTD

- When printing the slides for the meetings, print at a larger scale
- ▶ Memo 4 - Demographics and Population Forecast
 - Slow and steady growth in Jackson County
- ▶ CAC final comments – what are the two most important items the project should address?
 - Greg Holmes
 - Future growth and annexations/boundaries
 - Grants Pass inclusion: think big
 - Patrick McKechnie
 - Focus on higher density areas; population will likely grow faster than we anticipate
 - Requires efficient routes
 - Janelle Wilson
 - Equity and access
 - Increasing service, particularly weekend, and more frequent service
 - Jim Herndon
 - Grants Pass; a lot of opportunity due to people commuting to work from Grants Pass to the RVTD service area
 - Eagle point as well; lots of new businesses
 - Jay Harland
 - The system is a hub and spoke format right now; some cross-town service would be beneficial
 - Funding scenario planning
 - What happens if certain funding disappears, i.e. Translink
 - Just because it is currently available, does not mean it will remain available
 - Brad Earl
 - Want to attract a variety of users. How do we gain more non-dependent riders?
 - Pam Norr
 - Equitable access
 - How do we address the current housing issues? If people who are more transit-dependent have to move outside the current RVTD service area or away from bus stops
 - Get feedback from those unable to ride transit now
 - Francis Plowman
 - Public perception of transit
 - People saying “no one rides transit”
 - Eric Leal
 - Scenario planning
 - What if we need services to grow faster than 1%?
 - Or need to minimize service?
 - Interested in making sure people have medical access
 - Karen Zerger

- Keep the long-term in mind
- Be realistic with financial projections so the team does not come up with a long-term plan that cannot be reached
- DeeAnne Everson
 - Would like those who aren't dependent on transit to ride because it allows RVTD to provide more service; at the same time, there needs to be a focus on providing the service for those who are completely dependent on it
 - There is tension between the two
- Kevin Keating
 - Consider different types of equipment in the long-term
 - Driverless vehicles as an option
 - Get people who aren't dependent on transit to use it
 - Reliability and accuracy are important
- Robin Lee
 - Still forming opinions as a non-user of the transit system
 - Would need to have real benefits to get people out of their personal vehicles
 - Event coordination could get people to use transit instead of dealing with the hassle of finding parking and dealing with traffic for big events
 - Employer voucher systems could also help persuade non-users to give transit a chance
- Ed Smith-Burns
 - Increase services to attract current non-users
 - Take a deeper dive to understand the potential shifts in the community makeup that may happen in the next 25 years
 - Equity and access
- Michelle Glass
 - Equity is very important
 - Converting non-transit-dependent riders to riders
 - Stress and anxiety about reliability and on-time performance keep people away
 - As well as the perception that the bus system won't be able to help people meet their obligations and time constraints
 - If the system is robust, it would be able to work for more types of riders
 - Partnering with employers should be further explored
- Al Densmore
 - Medford is a significant tax base, but all parts of Medford are not transit-accessible
 - Northeast Medford is a decent distance away from a bus stop
 - Adding services to better connect Northeast Medford and Southeast Medford to the system may persuade others to use the service
- ▶ Next steps
 - Next CAC meeting is targeted for the afternoon of June 6th
 - Medford library

- o Open House will be scheduled that evening after the CAC meeting
- o DeeAnne wants RVTD to know that United Way of Jackson County has a free space that they can use for meetings as well if/when needed

TAC MEETING #2 SUMMARY

JUNE 7TH, 2018 – 8:30 – 10:00 AM
RVT TRANSLINK - 239 E BARNETT ROAD, MEDFORD, OR

SUMMARY

MEETING ATTENDEES

JURISDICTIONS/ORGANIZATIONS:

Karl MacNair and Kelly Madding (City of Medford); Nathan Emerson (City of Ashland); Ray DiPasquale (City of Phoenix); Ian Foster (City of Jacksonville); Tom Humphrey (City of Central Point); Jackson Baures (Jackson County Public Health); Ian Horlacher, Jenna Marmon, and Jennifer Boardman (ODOT); Andrea Miranda (Housing Authority)

RVT STAFF:

Paige West, Jon Sullivan, Tim D'Alessandro, Al Densmore

CONSULTANT TEAM:

Susie Wright and Molly McCormick (Kittelson & Associates, Inc.), Ryan Farncomb (Jacobs)

DESIRED OUTCOMES

- ▶ TAC input on Vision Statement.
- ▶ TAC input on Goal Areas and potential weighting
- ▶ TAC understanding of the modeling tools
- ▶ TAC input on evaluation criteria

TIME	SUBJECT	LEAD PRESENTER	GUIDANCE REQUESTED
8:30	Welcome/Project Updates	Paige West/ RVTD	Confirm Understanding, Questions for Clarification
8:40	Vision and Goals	Susie Wright/ Kittelson	Comments on three proposed draft vision statements and identification of preferred vision statement Comments on six goal areas Input on potential weighting of the goal areas
9:15	Modeling Tools	Ryan Farncomb/ Jacobs	Confirm Understanding, Questions for Clarification
9:30	Evaluation Criteria	Susie	Comments on evaluation criteria by goal area
9:55	Next Steps/Adjourn	Susie	

MEETING NOTES

- ▶ Welcome/Project Updates
 - No questions
- ▶ Vision and Goals
 - Vision statement voting

Version 1	Version 2	Version 3
5 votes	0 votes	6 votes

- Version 1 is preferred because...
 - More of a vision; others seem more like objectives; quality of life is touched on; aspiring to be realistic and viable; RVTD is not there yet but it is something we can work toward
 - Would like to know what the RVTD board and policy makers think; do you want high quality service to gain choice riders or coverage for those who are transit-dependent; the more you move toward Version 1, the better it is for the overall system because it will still cover transit-dependent populations while attracting other riders
 - Realistic and viable is a good goal; in the short-term, focusing on the transit-dependent is most important
 - Version 1 is a great vision for what it could be in the future; if you have a system that attracts choice riders, you are likely also serving those who are transit-dependent; seems like you need to serve those who are transit-dependent first and that Version 1 is the next step
 - That is why Version 3 sounds more like an objective

- This version makes sense if our aspiration is to make it publicly desirable, comfortable, and to get people who don't ride now willing to ride
 - No TAC member preferred Version 2
 - Version 3 is preferred because...
 - From an equity standpoint, it seems most fair to focus on those who are dependent
 - Equity; mentions jobs and opportunity; but understand the point that it sounds more like an objective
 - More visionary; choice riders are still included but the main focus is on transit-dependent, which is where the focus should be
 - The transit-dependent population is important; connection to housing and jobs is important
 - If you do Version 1 correctly, you will also capture Version 3
 - Versions 1 and 3 get to the conflict between those who are transit-dependent preferring having a stop every block to just get on the bus while choice riders would walk a few blocks to get on a faster route
 - Providing express routes on the most traveled corridors and focusing on transit-dependent seem to go hand-in-hand because transit-dependent people are most likely on those routes already; better service would help them as well as attract more choice riders
 - When considering quality of life, what do you think of?
 - Focus on the general public at large, more inclusive
 - Positive effects on the environment
 - Convenience
 - Benefit to congestion
 - RVTD might want to be more specific on quality of life to make sure it is interpreted the same by everyone in the vision statement
 - CAC wanted to hear "efficient" and "diverse" in the vision statements as well
- ▶ Evaluation Criteria
- Community
 - More general focus on a coverage model in this goal area; how well is RVTD serving the whole community
 - Is there a reason why some evaluation criteria are within ¼-mile of a transit stop or a transit route?
 - This may be due to what output can come out of our different tools
 - Will check for accuracy and consistency
 - Census data is by the block group
 - Average it per acre
 - And TBEST is using parcel data; census data that is at the parcel level
 - 2016 household survey data
 - Tier I measures are required

- Are low-income, minority, aged, and disabled measures required because there is an assumption that they are the most transit-dependent?
- Yes, FTA required but they do not necessarily have to be used for this specific project as evaluation criteria
- Coordination
 - What does integration with other modes mean?
 - Will be coordinating with city plans and looking at existing conditions to make sure the transit system ties in with trail systems, bike system, has appropriate access, etc.
 - Is there a benefit to having some kind of safety measures here?
 - Transit corridors that have high bicycle and pedestrian crashes
 - Active modes specifically
 - Not just between bikes/peds and transit vehicles but all crashes
 - Part of that can be done in the planning phase completed by the individual jurisdictions
 - Central Point has done this, others have done this or are considering it
 - Where do we see safety in the planning process?
 - Are TSP's included in the "land use plans"?
 - Should add the capital plans as well
 - Be more specific about which plans including TSPs, CIPs, and other pertinent plans from each jurisdiction
 - That is where you will catch a lot of the safety and other issues
 - A fiscal support objective may need to go under coordination since that is not just an RVTD objective
 - Currently under economy and service quality
 - Page 5
 - May be able to do some performance monitoring for the integration of land use plans
 - Reducing parking demand, trip counts at that parcel, tracking how well the coordination has created a mode shift, etc.
- Economy
 - Cost per boarding for fixed-route transit is basically cost per ride
 - RVTD has info about cost of each route
- Environment
 - Would like to catch some measures for parking impact/reduction
 - Not just the impact in transit but also the parking impacts
 - Person-carrying capacity
 - Why wouldn't we use that for scenarios as well?
 - The system overall is unlikely to be significantly different between scenarios

- More focus on corridor by corridor
- This measure could also be included in the service quality goal area
 - People being turned away or long lines
- GHG, VMT, total hours of delay
 - JEMnR measures that only look at the scenario level for specific packages of projects
 - Can only run so many JEMnR models through ODOT so will be trying to identify distinct scenarios
 - It is a tool for looking at multi-modal travel
- Service quality
 - Would customer satisfaction surveys come further down the road?
 - Yes, and this is something that RVTD already administers
 - Maybe include improvement to stops (including shelters, etc.)
 - % of stops with accessibility
 - Sidewalks, crossings
 - Agree that these are important to track but do we use this as an evaluation criterion for looking at projects and scenarios?
 - RVTD doesn't build sidewalks
 - Do you want them to come back with suggestions to your local TSPs and CIPs?
 - See it as more of a performance monitoring measure over time
 - Don't want to screen out good potential transit corridors because access is not currently provided
 - Part of this project will create a tech memo to identify the gaps for the proposed future system. It will provide a coordination point for RVTD and the jurisdictions to talk about what needs to happen on the jurisdiction side to provide access for transit
 - % of transit service area accessible within a 30-minute transit ride from Front Street and future transit centers
 - Wondering if that should be more focused on essential destinations
 - RVTD is still considering some additional supportive transit centers in the RVTD service area
- Potential new goal areas
 - Legislative support measures (these are things that aren't quite covered in the economy area)
 - Government support
 - Business support
 - Funding
 - STIF funding requirements
 - Look at what is identified for the new state multimodal fund
 - What is in line with the new STIF process?
 - Could put in the goals to pursue the legislative agenda
 - Potential to add into the coordination goal

- Wind up spending a lot of time on this
- More likely to be a performance monitoring measure, but not necessarily an evaluation criterion
- Safety
 - RVTD can play a very important role with making sure there are safe options
 - An alternative to impaired driving
 - Know where the impaired people are driving
 - Alternative for the aged population that shouldn't necessarily be driving
 - Is part of the service quality goal area
- ▶ Weighting of Goals
 - Similar to the results from CAC
 - Goal 4 as the lowest
 - TAC highest: goals 1 and 5
 - CAC highest: goals 3 and 5
 - Goals 1, 3, and 5 were highest for both TAC and CAC
- ▶ Modeling Tools
 - Will you be evaluating city projects?
 - That is not part of this process
 - JEMnR model is already loaded with city projects
 - Short-term will include what is already out there
 - Mid and long-term will be what is part of the comprehensive plans from each city and what TPAU has in their model
 - So the best known future will be used but may not include all city projects if they are not in their comprehensive plan
 - TBEST is in-house so RVTD could use it later on outside of this project to help make suggestions to cities based on their potential projects
 - Study years
 - 2017, 2027, 2037, and 2042
 - Are you going to work with TPAU to improve the resolution of the PlaceTypes model? Maybe ask if they had made any changes (ie Medford is the only area identified as mixed-use although there are other pockets within the MPO area)
 - PlaceTypes will be used at the very initial screening and to help bring the public into the process
 - Going to be diving much deeper into the JEMnR and TBEST models
 - Thresholds for mixed use areas can be changed for the other models
 - Will probably see PlaceTypes only in TM8
- ▶ Next Steps
 - Will be sending a poll for September availability

CAC MEETING #2 SUMMARY

JUNE 6TH, 2018 – 1:00 – 2:30 PM
MEDFORD LIBRARY – 205 S CENTRAL AVE, MEDFORD, OR

SUMMARY

MEETING ATTENDEES

JURISDICTIONS/ORGANIZATIONS:

Janelle Wilson, Kori Ebenhack, Brad Earl, Karen Zerger, Jay Harland, Pamela Norr, Eric Leal, Ed Smith-Burns, Jim Herndon, Robin Lee, Michelle Glass, Patrick McKechnie, Francis Plowman, George Adams, Tom Fink, Kevin Keating, Natalie Richie, Jay Phillips

RVTD STAFF:

Paige West, Jon Sullivan, Julie Brown, Mary Wooding

CONSULTANT TEAM:

Susie Wright and Molly McCormick (Kittelson & Associates, Inc.), Ryan Farncomb (Jacobs)

DESIRED OUTCOMES

- ▶ CAC input on Vision Statement.
- ▶ CAC input on Goal Areas and potential weighting
- ▶ CAC understanding of the modeling tools
- ▶ CAC input on evaluation criteria

TIME	SUBJECT	LEAD PRESENTER	GUIDANCE REQUESTED
1:00	Welcome/Project Updates	Paige West/ RVTD	Confirm Understanding, Questions for Clarification
1:10	Vision and Goals	Susie Wright/ Kittelsohn	Comments on three proposed draft vision statements and identification of preferred vision statement Comments on six goal areas Input on potential weighting of the goal areas
1:45	Modeling Tools	Ryan Farncomb/ Jacobs	Confirm Understanding, Questions for Clarification
2:00	Evaluation Criteria	Susie	Comments on evaluation criteria by goal area
2:25	Next Steps/Adjourn	Susie	

MEETING NOTES

- ▶ Welcome/project updates
 - Very important milestone to help RVTD move forward with the planning process
 - Input from both TAC/CAC and the general public
 - Let us know if you need more of the virtual open house handouts

- ▶ Vision and goals
 - Vision Statement
 - Version 1 is getting to high quality and choice ridership
 - Version 2 is distinguished by thinking about the balance between frequency and access, emphasizing corridors with more ridership
 - Version 3 focuses on providing service to transit-dependent populations with adequate connections and access
 - Initial Vision statement voting

Version 1	Version 2	Version 3
7 votes	4 votes	3 votes

- Version 1 is preferred because...
 - More visionary, other ones sound like plans
 - Want to prioritize transit-dependent populations but the way to do that is by providing quality service and pulling people off the roads; making it seem viable by whole cross-section of community members
 - More general

- Includes businesses, housing, whole area better
- More visionary; it would be odd for the advisory group to send RVTD on a completely different track, as a community; we value transit; don't be as prescriptive in the vision statement
- More of a long-term vision; "realistic" takes into account the perception of residents and visitors; speaks to the quality of life
- Version 2 is preferred because...
 - Most used routes; provide reliable transit for ALL residents, whole valley; more precise; not just $\frac{3}{4}$ mile off main routes
 - The reality is that you need to consider balance; questions between density and frequency; for version 1, couldn't get past the word "realistic"; would like a mix of version 1 and version 2
 - Other versions are too wordy; vision statements start to be ignored if too long; frequency is important; ALL residents; to important destinations; would add the word "efficiently" before the word "provides"
 - Version 1 is too broad and too hopeful; to keep RVTD viable, need to think about the potentially diminishing pot of money; what can be sustained; more focus; if start specific, could enhance the vision later but if start too broad might not reach it and not focus our money
- Version 3 is preferred because...
 - For those with disabilities, might not be able to spend \$20 each way for a handicapped van; provide full service through cheaper RVTD services; extended service to 10 PM or midnight; more late-night employees can use transit and people with disabilities can work to help pay for their transportation
 - Needs to be short and concise but version 1 is a little too optimistic and hopeful
 - Stronger focus on accessibility as part of the vision of 2040; don't want some of those specifics to be lost along the way; also fan of version 1 but don't like the word "realistic"; maybe try to include "meet the diverse needs of our community"
- Didn't vote for one; would rather combine all into one; there are pieces in each one that are valuable; diversity is important
- How is a vision statement used and how often is it revisited in the future?
 - Sets the stage for this plan and for moving forward
 - You do want your vision statement to be visionary
 - The liked specificity in some of the vision statement versions could lend itself to more objectives
 - Recognizes the balance of different needs
- Don't make it too long because it will lose people's interest
- Realistic has to do with travel time and reliability
 - Not realistic for RVTD to pick me up at home and deliver me to work
- Idea of having to balance frequency and coverage

- Think that the best way to make an efficient use of funds needs to provide the best service on the arterials and concentrate the ridership; on the other hand, there are many residents outside of those arterials
- Stay firmly committed to increasing the efficiency of arterial service but always have our eye on the general demographics and ridership population
- New vote with potential word-smithing and after some discussion

Version 1	Version 2	Version 3
9 votes	6 votes	1 votes

- Vision statement should encourage staff and city to be excited to implement that vision
 - Employees need something bigger than their task at hand; understanding where the organization is going as a whole
- Quality of life verbiage in Version 1
 - We can achieve a lot more with choice ridership, such as decreasing VMT and GHG
 - But that doesn't mean mobility isn't important and providing independence for the transit-dependent is not important
 - RVTD was on track with a Version 1 type vision until 2009, but the recession made RVTD refocus to a Version 3 vision
 - Need to be responsive to the needs of the community
 - A vision is important but will sometimes have to be set aside
 - The Version 1 vision was pulled back to the core mission that is closer to Version 3
- Goals
 - Are there any important goals missing?
 - No response
 - Any questions about these goals or anything that seems lacking?
 - Define regional partners and stakeholders
 - Cities, county, ODOT, other transportation and land use agencies/bodies
 - Campuses, hospitals, major employers
 - All the goal areas seem interdependent; hard to weigh them against each other
 - Consider what does the system look like if you maximize one of these goals at the expense of the other goals
 - With the increase of population, the percentage of crime will increase and feeling safe on public transportation will need to be looked at
 - If people don't feel safe, they won't be getting on the bus
 - Not meeting the environment goal with all the empty buses going through cities currently
 - Community and coordination may work hand in hand

- Expanding cities with people needing to live their lives
- If don't have safety, no one will ride the bus
- ▶ Modeling tools
 - Not intended to be black boxes; they are tools that help with decision making
 - Provide a robust set of information to make decisions
 - Placetypes
 - Remix
 - Very efficient and quick overview of potential changes
 - Potential costs
 - JEMnR
 - Full system effects
 - Will look at packages of projects, not individual projects
 - TBEST
 - RVTD's tool
 - Process
 - This is the first process of this kind that has happened in the nation
 - The mix of all the models to get the best of all worlds
 - Questions
 - Transit-supportive areas; all regions are getting ready to expand their UGB; so density based on what year?
 - Ultimate horizon year of 2042
 - 2027 and 2037 in between as well
 - Using the MPO's model for land use assumptions
 - Some black box quality but we will calibrate as necessary
 - The models are adaptable and can be re-run if results do not make sense
 - Won't be focused on the exact numbers and forecasting; looking for impacts on a larger scale
 - The tools are inter-operable and can test results against each other to check that they are making sense
 - Will account for future zoning, future desired intensities of housing, etc.
 - Data that comes from the cities' comprehensive plans
 - Not sure how much time to spend with Place Type model with the size of the tracts
 - JEMnR and TBEST seems like the more exciting and valuable tools
 - A better resolution for what we are looking at
 - Percentage of accuracy
 - Nearer term is more accurate; as you go further into the future, it is hard to know for sure what will occur with land use and policy
 - TBEST has been calibrated by RVTD using 2012 data
 - Uses existing ridership as validation and can therefore be fairly accurate

- But new routes can't rely on current ridership numbers as a calibration tool
 - Can review them at an order of magnitude that is reasonable; to the exact number of riders would not be accurate (precise but not accurate)
- Reminder that this is a living document that will continue to be updated every 10 years to help recalibrate and continue to plan near, mid, and long-term
 - It helps RVTD find funding and to prioritize projects as things change
- With the amount of expansion going on recently, does RVTD know about all the new development?
 - Paige completes reviews for development in cities
- Want to understand the differences between the forecast in each school district for growth
 - Maybe have a meeting between different cities so everyone is starting from the same point
- ▶ Evaluation criteria
 - CAC highest: goals 3 and 5
- ▶ Next steps
 - The CAC will meet again in September

ATTACHMENT C: OPEN HOUSE AND VOH #1 SUMMARY

OPEN HOUSE SUMMARY

Date: July 11, 2018 Project #: 21289
 To: Paige West, RVTD
 From: Susan Wright, PE, Molly McCormick, and Krista Purser (Kittelson & Associates, Inc.)
 Subject: Open House and Virtual Open House Summary

TABLE OF CONTENTS

Table of Contents	1
Introduction	1
Priorities	1
Needs Survey.....	7
Map Comments.....	16
Wrap-Up.....	26
Next Steps	31

INTRODUCTION

The following provides an overview of the process and results of the first virtual open house and in-person open for RVTD's 2040 Transit Master Plan (the Plan). The virtual open house was available online from June 6th, 2018 through June 22, 2018 and had 184 participants. The in-person open houses occurred on June 6th from 3:00 to 6:00 p.m. at the Medford Public Library. Twelve community members signed in with several more in attendance.

The following sections summarize the responses and findings from the open houses. *The Priorities and Map sections are for the online open house only. The Needs Survey combines both the online and in-person survey responses. The virtual open house slides are included in Appendix A. A summary of the in-person open house is included in Appendix B. The surveys collected at the in-person open house and the detailed response sheets from both open houses are included in Appendix C.*

PRIORITIES

Participants were asked to rate vision statements, goal statements, existing service improvements, new services, and rider experience improvements from 1 (lowest) to 5 (highest) stars. The following sections detail the options and results.

VISION STATEMENT

The following outlines three proposed vision statements for the Plan. The vision statements convey similar ideas but use different wording, resulting in different emphasis. The ultimate vision statement may be one of proposed statements or may be a modified, combined, or augmented version of one or more of the proposed statements.

- ▶ Version 1: "In 2040, RVTD provides quality public transportation, regarded by residents and visitors as a realistic and viable travel choice, helping to improve quality of life in the Rogue Valley."
- ▶ Version 2: "In 2040, RVTD provides frequent service on the most traveled corridors and provides access to reliable transit for all residents of and visitors to the Rogue Valley."
- ▶ Version 3: "In 2040, RVTD meets people's daily travel needs, especially those who are transit-dependent, connecting them to their communities, to jobs and opportunity, and to everywhere residents and visitors travel in the Rogue Valley."

Participants' responses are shown in Figure 1. Number of responses are shown above each rating. As shown, Version 3 had the highest amount of 5-star ratings, followed by Version 1.

Figure 1. Vision Statement Results

GOALS

There are five goal areas that will be used to support the selected vision statement; Community, Coordination, Economic, Environmental, and Service Quality. Each goal area has a corresponding statement that articulates RVTD's aspirations.

- ▶ **Community:** Connect the region, focusing on increasing equitable access to transportation and improving quality of life.
- ▶ **Coordination:** Coordinate closely with regional partners, within RVTD, and with the public to ensure efficient delivery of high-quality services integrated with other modes.
- ▶ **Economy:** Maintain RVTD's financial stability and provide consistent, reliable service that supports the local economy.
- ▶ **Environment:** Implement a system that lessens the environmental impact of travel.
- ▶ **Service Quality:** Provide a service that is safe, feels safe, and is comfortable and convenient for riders.

Participants' rating responses are shown in Figure 2. Number of responses are shown above each rating. As shown, Community and Service Quality had the highest amount of 5-star ratings and Coordination had the lowest amount of 5-star ratings.

Figure 2. Goals Results

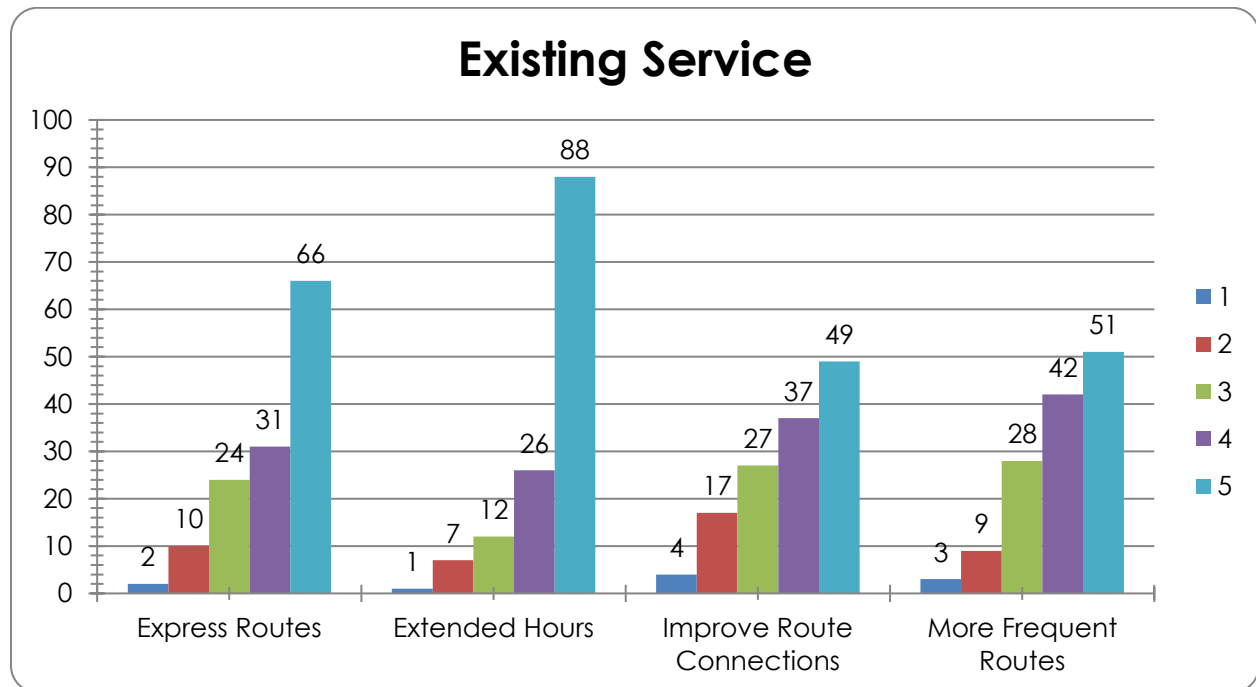

EXISTING SERVICE

Participants were asked to rate four options for improving existing transit service, which are as follows:

- ▶ **Express Routes:** Provide express routes along 99 between Medford and Ashland to reduce travel time. Also Highway 62 between Medford and White City.
- ▶ **Extended Hours:** Extend existing weekday service to earlier mornings, later evenings, and extended service on Saturdays.
- ▶ **Improve Route Connections:** Build transfer centers throughout the system to connect existing routes to decrease travel times.
- ▶ **More Frequent Routes:** Enhance existing service by providing more frequent service to decrease wait times at stops and transfer centers.

Participants' rating responses are shown in Figure 3. Number of responses are shown above each rating. As shown, Express Routes and Extended Hours had the highest amount of 5-star ratings and Improve Route Connections had the lowest amount of 5-star ratings.

Figure 3. Existing Service Results

NEW SERVICE

Participants were asked to rate four options for new service areas or service hours, which are as follows:

- ▶ **Access to near Cities:** Provide new service to nearby cities that currently do not have transit service.
- ▶ **New Routes:** Provide new routes to under served neighborhoods, prioritizing neighborhoods with low-income, older adult, and disabled populations.
- ▶ **Local City Circulators:** Provide new city circulators to and from downtown areas, major shopping centers, and visitor destinations.
- ▶ **Add Sunday Service:** Provide service on Sundays.

Participants' rating responses are shown in Figure 4. Number of responses are shown above each rating. As shown, New Routes and Add Sunday Service had the highest amount of 5-star ratings and Local City Circulators had the lowest amount of 5-star ratings.

Figure 4. New Service Results

RIDER EXPERIENCE PRIORITIES

Participants were asked to rate four options for improving rider experience, which are as follows:

- ▶ **First Mile/Last Mile:** Improve access to transit by partnering with ride hailing companies or add a same-day reservation demand responsive service provided by RVTD.
- ▶ **Shelter & Bus Stop:** Provide enhanced transit stops to increase comfort when waiting for the bus.
- ▶ **Technology:** Enhance RVTD's current real-time mobile apps, online transit information, automated fare, and adopt technologies to improve connections to other modes.
- ▶ **Right-Sizing Vehicles:** Enlarge buses on the most popular routes and reduce vehicle size on the routes with least demand.

Participants' rating responses are shown in Figure 5. Number of responses are shown above each rating. As shown, Right-Sizing Vehicles had the highest amount of 5-star ratings and First-Mile-Last-Mile had the lowest amount of 5-star ratings.

Figure 5. Rider Experience Results

NEEDS SURVEY

The Needs Survey Summary includes responses from both on-line and in-person open house participants. Participants were asked to select coverage, expanded service, improved service, new service, and information and technology improvements that are currently or will be needed in the future. With the exception of the coverage and existing technology ease of use, participants could select multiple options for each question.

COVERAGE

Participants were asked to select one option as a priority for RVRTD from the following:

- ▶ Add Low Frequency Service to New Areas
- ▶ Add High Frequency Service to Dense Areas (Employment & Residential)
- ▶ Expanding Service Hours with Longer Hours

Participants' rating responses are shown in Figure 6. Number of responses are shown within each rating. As shown, higher frequency service to dense areas and expanded service hours were of equal priority amongst participants, with low frequency in new areas slightly lower.

Figure 6. Transit Priorities Results

EXPANDED SERVICE

Participants were asked to select expanded service hour and new city connections needs.

SERVICE HOUR EXTENSIONS

Participants indicated the need and interest for potential service hour expansions from the following options:

- ▶ Early morning service
- ▶ Late night service
- ▶ Earlier Saturday service
- ▶ Later Saturday service
- ▶ Sunday service

Participants' rating responses are shown in Figure 7. Number of responses are shown within each rating. As shown, late night service and Sunday service were selected the most often, with earlier Saturday service selected the least often.

Figure 7. Expanded Service Hours Results

NEW CITY CONNECTIONS

Participants indicated the need and interest for potential service area expansions from the following options:

- ▶ Grants Pass
- ▶ Eagle Point
- ▶ Shady Cove
- ▶ Klamath Falls
- ▶ Applegate
- ▶ Other

Participants' rating responses are shown in Figure 8. Number of responses are shown within each rating. As shown, Grants Pass and Eagle Point were selected the most often and Klamath Falls and Applegate were selected the least often.

Figure 8. Expanded Service Areas Results

IMPROVED SERVICE

Participants were asked to select routes for more frequent service and express service needs.

MORE FREQUENT SERVICE

Participants indicated the need and interest for more frequent service for the following options:

- ▶ 2 - West Medford
- ▶ 10 - Ashland
- ▶ 21 - North Medford
- ▶ 24 - RRMC
- ▶ 25 - SW Medford
- ▶ 30 - Jacksonville
- ▶ 40 - Central Point
- ▶ 61 - RCC Table Rock
- ▶ 66 - White City

Participants' rating responses are shown in Figure 9. Route and number of responses are shown. As shown, more frequent service was most often selected for Routes 2, 10, and 66 and least often for Routes 25 and 30.

Figure 9. More Frequent Service Results

EXPRESS SERVICE

Participants indicated the need and interest for potential service hour expansions from the following options:

- ▶ 2 - West Medford
- ▶ 10 - Ashland
- ▶ 21 - North Medford
- ▶ 24 - RRMC
- ▶ 25 - SW Medford
- ▶ 30 - Jacksonville
- ▶ 40 - Central Point
- ▶ 61 - RCC Table Rock
- ▶ 66 - White City

Participants' rating responses are shown in Figure 10. Route and number of responses are shown. Similar to frequent service responses, Routes 10 and 66 were most often selected while Routes 25 and 30 were least often selected. Route 2 is also less frequently selected, contrasting its high selection for frequent service.

Figure 10. Express Service Results

NEW SERVICE

Participants were asked to select routes for local city circulator, dial-a-ride, and information technology needs.

LOCAL CIRCULATOR BUS SERVICE

Participants indicated the need and interest for potential local city circulator routes from the following options:

- ▶ Ashland
- ▶ Central Point
- ▶ Eagle Point
- ▶ Jacksonville
- ▶ Phoenix
- ▶ Talent
- ▶ White City
- ▶ East Medford
- ▶ Northwest Medford
- ▶ Other

Participants' rating responses are shown in Figure 11. Area and number of responses are shown. As shown, new local circulator routes was most often selected for Ashland, East Medford, and Northwest Medford and least often for other areas and Phoenix.

Figure 11. Local Circulator Results

DIAL-A-RIDE SERVICE

Participants indicated the need and interest for potential dial-a-ride services from the following options:

- ▶ Ashland
- ▶ Central Point
- ▶ Eagle Point
- ▶ Jacksonville
- ▶ Phoenix
- ▶ Talent
- ▶ White City
- ▶ Medford

Participants' rating responses are shown in Figure 12. Area and number of responses are shown. As shown, dial-a-ride was most often selected for Ashland, Medford, and Eagle Point and least often selected for Talent.

Figure 12. Dial-a-Ride Service Results

INFORMATION AND TECHNOLOGY

Participants indicated the need and interest for new technology from the following options:

- ▶ Wifi on Buses
- ▶ Real Time Arrival Displays on Shelters
- ▶ Combine Fare Payment and Trip Planning Apps into One App
- ▶ Real Time Arrival Displays on Buses
- ▶ Configure Fare Payment to allow Credit Cards on Buses

Participants' rating responses are shown in Figure 13. Options and number of responses are shown. As shown, real-time arrival displays on shelters was most often selected and combined fare payment and trip planning app was least often selected.

Figure 13. Information Technology Results

EXISTING EASE OF USE

Participants indicated the existing ease of information finding use from the following options:

- ▶ Very Easy
- ▶ Easy
- ▶ Moderate
- ▶ Difficult
- ▶ Very Difficult

Participants' rating responses are shown in Figure 14. Options and number of responses are shown. As shown, most participants found existing information finding to be of moderate difficulty and no participants selected very difficult.

Figure 14. Ease of Information Finding Results

MAP COMMENTS

Respondents provided map markers and comments for new bus stops, new bus shelters, enhanced service, new routes, concerns, and other remarks. Table 1 shows the amount of markers and comments for each marker type and Figure 15 through Figure 23 show marker distribution throughout the RVTD area.

Table 1: Map Marker Responses

Marker Type	Total Markers	Markers with Comments
New Bus Stop	53	25
New Bus Shelter	50	18
Enhance Service	68	33
New Route	96	67
Concern	10	8
Other	7	7
Total	284	158

Key findings from the mapping responses are as follows:

- ▶ Based on review of comments, many participants used new bus stop, enhanced service, and new route requests to indicate a desire for new service in an area that's currently not served.
- ▶ **East Medford** has 5 bus stop, 16 new route, and 4 enhanced service requests beyond the reach of Route 24. Many of these are concentrated in the E Barnett Road/N Phoenix Road and Spring Street/Sunrise Avenue areas.
- ▶ **Southwest Medford** has a cluster of new route and enhanced service requests near Garfield Street/Kings Highway.
- ▶ **Northwest Medford** has new bus stop and new route requests at and beyond the extent of Route 40.
- ▶ **Downtown Medford** and Route 60 have high amounts of new bus stop and bus shelter requests.
- ▶ **Jacksonville** has one bus stop request and 6 requests for enhanced service.
- ▶ Route 10, including the **Talent, Phoenix, and Ashland** areas, have 19 enhanced service requests as well as several bus stop and bus shelter requests.
- ▶ **Grants Pass, Rogue River, and Gold Hill** had a high concentration of new service and bus stop requests, indicating a desire for increased services to the Commuter Line.
- ▶ **Eagle Point** had the highest concentration of new service requests, including 7 new bus stops and 20 new route requests.
- ▶ **Shady Cove** also included 5 new bus stop and 4 new service requests, with several requests along Highway 62.

WRAP-UP

Participants were asked to provide information regarding their home and work or school locations, race/ethnicity, age, and RVTD ridership patterns. Table 2 shows ZIP Code regions, Figure 24 through Figure 29 show these distributions, and Figure 30 maps home and work/school locations.

Table 2: ZIP Code Descriptions

ZIP Code	Region
97501	East Medford
97502	North Medford/Central Point
97503	White City
97504	West Medford
97520	Ashland
97524	Eagle Point
97525	Gold Hill
97526	North Grants Pass
97527	South Grants Pass
97530	Jacksonville
97535	Phoenix
97537	Rogue River

What to do Next Task

Three proposed vision statements for RVTD's 2040 Transit Master Plan are listed below. Please rate them so we know which you like the best.

Version 1
In 2040, RVTD provides quality public transportation, regarded by residents and visitors as a realistic and viable travel choice, helping to improve quality of life in the Rogue Valley.

Version 2
In 2040, RVTD provides frequent service on the most traveled corridors and provides access to reliable transit for all residents of and visitors to the Rogue Valley.

Version 3
In 2040, RVTD meets people's daily travel needs, especially those who are transit-dependent, connecting them to their communities, to jobs, and opportunities, and to most places residents and visitors travel in the Rogue Valley.

Appendix B In-person Open House Summary

IN-PERSON OPEN HOUSE #1 SUMMARY

JUNE 6TH, 2018 3:00 – 6:00 PM
MEDFORD LIBRARY – 205 S CENTRAL AVENUE, MEDFORD, OR

SUMMARY

The in-person Open House #1 included approximately 12 poster boards containing project information and voting exercises about vision statements, goals, and priorities. Two boards showed maps of the RVTD service area and allowed participants to draw preferred added stops and ideas for new routes.

PARTICIPATION

- ▶ 12 people signed in for the meeting; however, more people participated than signed in. **Attachment A** includes the sign-in sheet from the event.
- ▶ Responses for the Needs Survey handout were submitted by six attendees. **Attachment B** includes the survey responses.
- ▶ Virtual Open House #1 was also available on-line from June 1, 2018 to June 17, 2018. There were 124 participants who provided responses on the Virtual Open House.

Virtual Open House #1 Screen Capture

PUBLIC INPUT AND COMMENTS

The following provides a summary of the comments received at the in-person and online open houses. The summary includes pictures of the maps and tables where input was received by participants at the in-person meeting. Participants were given a certain number of stickers per board to vote on their top priorities, in addition to having the opportunity to provide input on a flip-chart. The online meeting included a similar ranking format and questions as the in-person meeting.

The comments summarized below will be incorporated into finalized *Technical Memorandum #5: Vision Statement and Goal Areas* and into subsequent memos as appropriate.

LOCATIONS WHERE ATTENDEES LIVE OR WORK

Attendees were asked to place a green sticker on where they live and an orange sticker on where they work. As shown below, five of the nine green stickers were placed in Medford as well as four of the six orange stickers.

Tell us where you live or work.

Place a **Green** Dot on where you live.
Place a **Orange** Dot on where you work.

VISION STATEMENT RANKING

Attendees were asked to vote for the vision statement that most aligns with their vision for RVTD's transit system, using a blue sticker. As shown below, out of the nine participants for this question, six voted for Version 3 of the vision statement, two for Version 1, and one for Version 2.

Vision Statement Alternatives

Please use a dot sticker to vote for the vision statement that most aligns with your vision for RVTD's transit system.

Version 1
 ●● In 2040, RVTD provides quality public transportation, regarded by residents and visitors as a realistic and viable travel choice, helping to improve quality of life in the Rogue Valley.

Version 2
 ● In 2040, RVTD provides frequent service on the most traveled corridors and provides access to reliable transit for all residents of and visitors to the Rogue Valley.

Version 3
 ●●●●● In 2040, RVTD meets people's daily travel needs, especially those who are transit-dependent, connecting them to their communities, to jobs, and opportunities, and to most places residents and visitors travel in the Rogue Valley.

Comments/Suggestions? Please leave use a note on the adjacent notepad.

Additional comments written on the adjacent flip-chart include:

- ▶ We need rail service to Portland
- ▶ Need to advertise for riders to take transit to reduce pollution and smoke, especially during summer when tourists will leave the area because of bad air quality
- ▶ Jacksonville
 - ▶ Less Trips in historic and residential areas
 - ▶ E Street: don't use this street (residential)
 - ▶ Stop only on outskirts
 - ▶ Use smaller bus
 - ▶ The turn from 5th onto E Street is too tight; buses encroach into oncoming traffic lane
- ▶ Nice drivers!
- ▶ Need later hours on all routes and service seven days a week

- ▶ Explore expansion of service(s) to non-serviced areas (i.e. Eagle Point, even with a reduced/limited service)
- ▶ Possible "outlying" rural area(s) especially sensitive to economic needs/impacts (i.e. outlying rural districts such as Rapp Road, Phoenix expanding, changed in population demographics, retirement impacts)

GOAL AREA PRIORITIES

Attendees were asked to vote for the three goal areas that most align with their highest priorities for RVTD's transit system, using three stickers. As shown below, 27 stickers were placed on the board for this question; nine stickers for Community, seven for Economy, five for Service Quality, four for Coordination, and two for Environment.

Goal Area Priorities

Please use three (3) dot stickers to vote for the three goal areas that align with your highest priorities

Goal Area	Description	Stickers
Community	Connect the region, focusing on increasing equitable access to transportation and improving quality of life	9
Coordination	Coordinate with regional partners, within RVTD, and with public to ensure efficient high-quality services, integrated with other modes and supportive land uses	4
Economy	Maintain RVTD's financial stability and provide convenient and reliable service that supports the local economy	7
Environment	Implement a system that lessens the environmental impact of travel	2
Service Quality	Provide a service that is safe, feels safe, and is comfortable and convenient for riders	5

Comments/Suggestions? Please leave use a note on the adjacent notepad.

EXISTING SERVICE PRIORITIES

Attendees were asked to vote for the two existing transit service improvements that are of highest priority, using two stickers. As shown below, 25 stickers were placed on the board for this question; ten stickers for Extended Hours, six for Express Routes, five for More Frequent Routes, and four for Improve Route Connections.

Existing Service Priorities

Please use two (2) dot stickers to vote for the two existing transit service improvements that are of highest priority to you

Please write in specific locations

Priority Area	Sticker Count	Description	Handwritten Notes
Express Routes	6	Provide express routes along 99 between Medford and Ashland to reduce travel time. Also Highway 62 between Medford and White City.	White City Medford - Ashland
More Frequent Routes	5	Enhance existing service by providing more frequent service to decrease wait times at stops and transfer centers.	Route 60 every 20-min like the 10
Extended Hours	10	Extend existing weekday service to earlier mornings, later evenings, and extended service on Saturdays.	evening Saturday - more hours Sundays
Improve Route Connections	4	Build transfer centers throughout the system to connect existing routes to decrease travel times.	Ashland to White City - alternate express and local Transfers in Central Point

RVTD

Additional comments written on the board for each priority area include:

- ▶ Express routes
 - ▶ White City
 - ▶ Medford – Ashland
- ▶ More frequent routes
 - ▶ Route 60 every 20 minutes like route 10
- ▶ Extended hours
 - ▶ Evening
 - ▶ Saturday – more hours
 - ▶ Sundays (shown support by another attendee with an added “+” sign)
- ▶ Improve route connections
 - ▶ Ashland to White City – alternate express and local
 - ▶ Transfers in Central Point

NEW SERVICE PRIORITIES

Attendees were asked to vote for the two new transit service improvements that are of highest priority, using two stickers. As shown below, 18 stickers were placed on the board for this question; six stickers for Add Sunday Service, five for New Routes, four for local city circulators, and three for Access to near Cities.

Additional comments written on the board for each priority area include:

- ▶ New routes
 - ▶ Serve 10th/Oakdale area for seniors and disabled (shown support by another attendee with an added "+" sign)
 - ▶ W. Medford (shown support by another attendee with an added "+" sign)
- ▶ Local city circulators
 - ▶ Shopping centers
 - ▶ Ashland circulator

RIDER EXPERIENCE PRIORITIES

Attendees were asked to vote for the two rider experience improvements that are of highest priority, using two stickers. As shown below, 24 stickers were placed on the board for this question; eleven stickers for Shelter & Bus Stop, five for Technology, and four for both First Mile/Last Mile and Right-Sizing Vehicles.

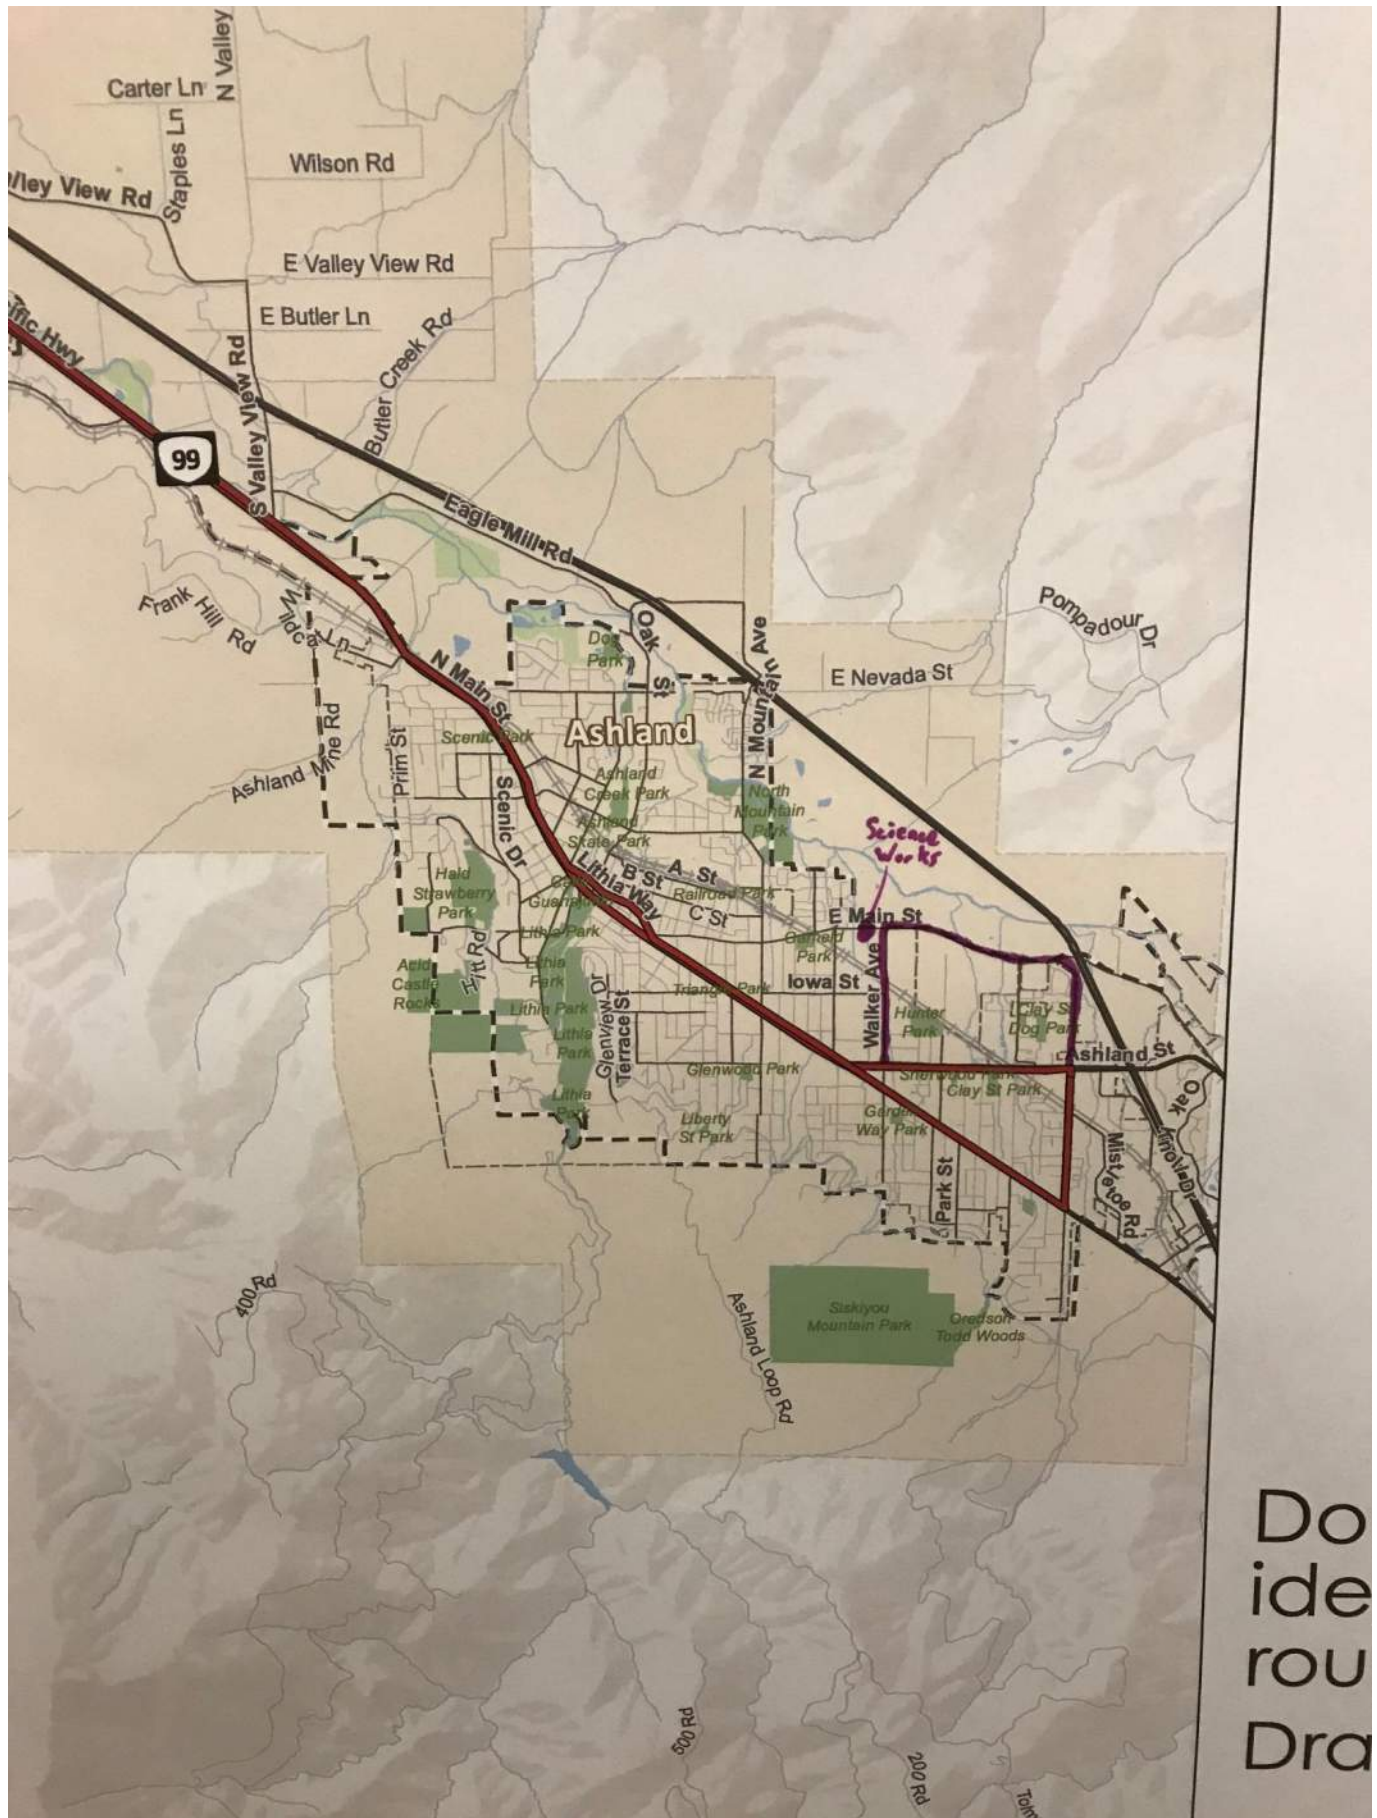

Additional comments written on the board for each priority area include:

- ▶ First mile/last mile
 - ▶ Maybe partner with late night service

DESIRED IMPROVEMENTS

Attendees were asked to write on two maps, showing potential new stops and potential new routes that they are interested in seeing.

As shown above, attendees would like to see service provided via stops to the following areas:

- ▶ An extension of route 24 to the intersection of E Barnett Road/N Phoenix Road
- ▶ TJ Maxx in Medford
- ▶ Science Works in Ashland (with an extension of route 10 north of the southern turnaround)

Additional comments written on the board include:

- ▶ Do not believe RVTD should serve the mall east of OR 99 and Crater Lake Highway
- ▶ A fareless square in Central Point to help support low-income housing

NEXT STEPS

Two more sets of in-person and virtual open houses are planned to occur during the project. Open House #2 will occur in September 2018 and Open House #3 will occur in July 2019, along with their respective virtual open houses.

VisitID	Date	SiteVisited	Layout	Item	CommentGroup	Feedback
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 1	S2_P1	I used RVTD as a daily commute to work. However after work there are things I would like to do like go to the gym or go shopping and I have to watch the time because I am off work later on some days the bus service is shut down at 8pm or 9pm. Also working with student who might be taking weekend and evening classes at RCC or public high school even the RVTD limited service hours cuts off residents who rely on public transit to get around in participate in these programs.
3104073	7-6-2018 23:22:33	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 1	S2_P1	Buses went right by my front door when I got married in 1985. The hours didn't match my work schedule, so it was useless to see empty buses fly by at 35 mph in a 25 mph zone. Within 2-3 years the route was abandoned. The key is to provide service to people who actually work and not as feel amenity for those who neither pay taxes, nor wish to contribute in any meaningful way.
3104225	8-6-2018 05:26:57	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 1	S2_P1	Not realistic
3104548	8-6-2018 16:20:51	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 1	S2_P1	We need to provide more service to disabled and elderly with smaller buses. Include E Main in Ashland, also Mountain ave
3104841	8-6-2018 22:34:12	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 1	S2_P1	Would like to see the term "preferable travel choice" used, rather than "realistic".
3104740	8-6-2018 20:00:48	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 1	S2_P1	Unfortunately you still have to own a car in this valley. Everything takes too long if you ride the bus and it's not available for night.
3105729	9-6-2018 22:04:11	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 1	S2_P1	It would be great instead of seeing empty busses if RVTD would use smaller busses but more frequently as need arrises. I have never seen a full RVTD bus. ever
3106568	11-6-2018 17:18:35	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 1	S2_P1	There needs to be a streetcar system in Medford. It could be based on the original East-West. Also, resurrecting the line from Medford to Jacksonville would be really helpful.
3111391	17-6-2018 10:49:02	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Version 1	S2_P1	The system is only viable if it can get people out of their cars and on to public transport.
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 1	S2_P1	Let's keep it realistic, not bicycle-centered.
3115453	22-6-2018 19:09:43	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 1	S2_P1	I think a vision statement should not be too specific and I think this on is least specific
3113966	21-6-2018 00:53:04	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Version 2	S2_P1	I like all inclusive language.
3111391	17-6-2018 10:49:02	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Version 2	S2_P1	Routes need expanding. 1000+ people in Hillcrest, East McAndrews and all the local roads in that area would benefit.
3104225	8-6-2018 05:26:57	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 2	S2_P1	Cannot serve everyone
3104115	8-6-2018 00:31:45	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Version 2	S2_P1	It will be good if the bus will go bye the hospital in central point
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 2	S2_P1	I would like to see an express commuter route that maybe runs mornings and evenings for commuters from Grants Pass to Medford. It would be helpful to have a bus transit center in Grants Pass that connects to the transit center in Medford even if it had limited stops just getting into town would be helpful for some of the outlining areas.
3110882	16-6-2018 05:42:57	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Version 2	S2_P1	Need to put a route at Ross Ln
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 3	S2_P1	RVTD needs to expand not only on some possible routes for service but the hours it operates. I would like to see weekend service especially for people who solely depend on public transport.
3104225	8-6-2018 05:26:57	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 3	S2_P1	Take care of those who need the service not to some who just want the service
3104447	8-6-2018 14:43:11	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 3	S2_P1	I would like to see a version of that combines one and three.
3109287	14-6-2018 17:08:45	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Version 3	S2_P1	Need later hours an people work on weekends also.Need to be able to get to their jobs.
3110853	16-6-2018 03:45:17	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Version 3	S2_P1	The buses need to run later at night, someone can't take the bus home from a job at the mall.
3106506	11-6-2018 15:58:06	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 3	S2_P1	Prioritizes those who need it the most for what they use it for the most.
3104740	8-6-2018 20:00:48	RVTD2040TransitMasterPlan.metroquest.com	Web	Version 3	S2_P1	I tried using the bus for a year. It was really hard to use for getting to work.
3113966	21-6-2018 00:53:04	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Environment	S2_P2	I'd put this higher on the list but having service to all areas is so important.
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	Environment	S2_P2	Who decides what an environmental impact is? And how do they come to that conclusion? What if accepted science is wrong? But let's take it that carbon is a culprit, more then other chemicals in emissions. If half the population in our region rode the bus RVTD would be very happy. But, electric cars are twice as efficient in regards to carbon compared to a combustion engine care. Power provided from a carbon burning plant is twice as efficient as an engine in a car. So, let's not focus on getting people to ride buses so much, but rather spend our time and money preparing the way and planning for more electric cars, both private and public, and by public I mean self-driving Uber-style ones where you call them to your house. More charging stations, some space for the self-driving fleet, both a main yard and sub-yards near various areas where people are. Buses are old, just like email is for old people. Everyone texts now. So let get AHEAD of the game and not focus on buses and bikes so much.
3108815	13-6-2018 23:38:10	RVTD2040TransitMasterPlan.metroquest.com	Web	Environment	S2_P2	Need to factor in GHG emissions of RVTD vehicles relative to other options to ensure no negative climate effects.
3104073	7-6-2018 23:22:33	RVTD2040TransitMasterPlan.metroquest.com	Web	Environment	S2_P2	If the system was run in a practical useful manner, it would both see increased ridership and contribute to the well-being to taxpayers.
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Environment	S2_P2	i wish that bus stop had more visibility especially in helping someone who is a new user identify the bus routes. As well i would like to see more bus shelters are more stops
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Service Quality	S2_P2	I feel like all the drivers and maintenance professionals that I have come into contact with through RVTD have been great. They have helped direct me to a bus or provide incite to what stop to get off at for my travels
3111059	16-6-2018 15:38:20	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Service Quality	S2_P2	Anyone that is unsafe to the enviroiment should be reported to law enforcement
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	Service Quality	S2_P2	Remove feels safe. If it's safe, it is. Would we setup some kind of feel-good thing that adds expense, just for those that are excessively worried?
3114005	21-6-2018 02:29:07	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Service Quality	S2_P2	I don't like the double use of the word safe & feel like the impact of saying it is safe is lessened by having to point out that it feels safe as well, even though I know the point that was trying to be made.
3112412	18-6-2018 23:27:18	RVTD2040TransitMasterPlan.metroquest.com	Web	Service Quality	S2_P2	Although I have felt safe throughout my use of RVTD, this is still a worthy goal to establish. More educational outreach!
3112412	18-6-2018 23:27:18	RVTD2040TransitMasterPlan.metroquest.com	Web	Community	S2_P2	
3113966	21-6-2018 00:53:04	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Community	S2_P2	More access to buses!! It can't be a viable option if it leaves people out. All areas need to be covered.
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	Community	S2_P2	Who decides what's equitable? And how is that decision made?
3111391	17-6-2018 10:49:02	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Community	S2_P2	East Medford needs a better coverage - nothing beyond Albertsons.
3111059	16-6-2018 15:38:20	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Community	S2_P2	People should be able to feel safe on the bus and report anything that is unsafe
3106034	10-6-2018 16:45:44	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Community	S2_P2	Please add Eagle Point to your reach.
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Community	S2_P2	There are some regions that I have limited service routes and parts of the district that need bus service more often and later.
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Coordination	S2_P2	There needs to be more community input for what the public needs as far as transit. I would like to see more community meetings in a public form setting.
3104665	8-6-2018 18:35:17	RVTD2040TransitMasterPlan.metroquest.com	Web	Coordination	S2_P2	what is this supposed to mean?
3113909	20-6-2018 23:30:26	RVTD2040TransitMasterPlan.metroquest.com	Web	Coordination	S2_P2	Pretty wordy. Would suggest "Coordinate regionally to ensure efficient, high quality services integrated through supportive land use and other transportation modes.
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	Economy	S2_P2	Remove reliable. That's a given, like spelling correctly.
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Economy	S2_P2	The prices of fare are fine but I would like to see more discounts for the touch pass users

3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Express Routes	S2_P3	Please get an express route to GRANTS PASS
3104073	7-6-2018 23:22:33	RVTD2040TransitMasterPlan.metroquest.com	Web	Express Routes	S2_P3	Until we can get rail revved up, Grants Pass to Ashland should be the norm.
3104225	8-6-2018 05:26:57	RVTD2040TransitMasterPlan.metroquest.com	Web	Express Routes	S2_P3	Express routes to Ashland necessary because so many work or go to school in Ashland and cannot afford to live there
3106568	11-6-2018 17:18:35	RVTD2040TransitMasterPlan.metroquest.com	Web	Express Routes	S2_P3	Definitely, these routes should be BRT or streetcars
3106034	10-6-2018 16:45:44	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Express Routes	S2_P3	Again please extend your reach to Eagle Point. My daughter, for one, desperately needs your service and it's so far and dangerous to walk to the Dom.
3104665	8-6-2018 18:35:17	RVTD2040TransitMasterPlan.metroquest.com	Web	Express Routes	S2_P3	needs to be written so that the Medford -White City is not an after thought. should the term "express route" be defined?
3105674	9-6-2018 19:09:02	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Express Routes	S2_P3	Will they still have stops between Medford and Ashland or just an express route?
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	Express Routes	S2_P3	NO! I used to have no car (not by choice, but by lack of money) and used the 10 from Ashland to Medford for my work commute for 1 1/2 years, so I know what I'm talking about. Keep it egalitarian. No special express, pick up everyone and don't worry that it takes 45 mins. Remember the Google buses in San Francisco have created great resentment in the area between the haves and have-nots. Let's not foster elitism.
3112033	18-6-2018 17:53:08	RVTD2040TransitMasterPlan.metroquest.com	Web	Express Routes	S2_P3	Number one priority this route is the busiest and express would enable us to connect to Jacksonville central point much faster. All day trip now
3112412	18-6-2018 23:27:18	RVTD2040TransitMasterPlan.metroquest.com	Web	Express Routes	S2_P3	As someone who travels from Ashland to Medford, this option would be ideal.
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	More Frequent Routes	S2_P3	YES! Use smaller vehicles, like vans. I know it costs. The main thing is, when folks who never ride a bus see one with just one or two people, their negative judgement about voting for a levy with NEVER be changed.
3105729	9-6-2018 22:04:11	RVTD2040TransitMasterPlan.metroquest.com	Web	More Frequent Routes	S2_P3	Smaller busses, more frequency
3108815	13-6-2018 23:38:10	RVTD2040TransitMasterPlan.metroquest.com	Web	More Frequent Routes	S2_P3	Fine as long as load factors can justify costs and GHG emissions.
3110672	15-6-2018 21:07:12	RVTD2040TransitMasterPlan.metroquest.com	Web	More Frequent Routes	S2_P3	I feel this needs to be tempered with cost of operation and a study of day and time of service options. Some routes may need more weekend options and others weekday.
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	More Frequent Routes	S2_P3	Increase service during peak hours commuter hours
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Extended Hours	S2_P3	I would love to see weekend service as well as evening I think it's important for our communities economy to grow to provide that service. If I have a youth who needs to take a bus to an SAT prep class on a Saturday they can't because there is no service. Same goes for people who would like to work on the weekends and use public transport as their main transportation.
3104225	8-6-2018 05:26:57	RVTD2040TransitMasterPlan.metroquest.com	Web	Extended Hours	S2_P3	This would help workers especially those who get off later in Ashland and work weekends
3104073	7-6-2018 23:22:33	RVTD2040TransitMasterPlan.metroquest.com	Web	Extended Hours	S2_P3	Why not have special youth soccer routes?
3106568	11-6-2018 17:18:35	RVTD2040TransitMasterPlan.metroquest.com	Web	Extended Hours	S2_P3	There should be late night routes to Jacksonville and Ashland connected to Front Street Station.
3111391	17-6-2018 10:49:02	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Extended Hours	S2_P3	What about a Sunday service? Most shops are open and it would reduce car usage.
3108815	13-6-2018 23:38:10	RVTD2040TransitMasterPlan.metroquest.com	Web	Extended Hours	S2_P3	Here again, make sure sufficient demand to justify costs and emissions.
3106113	10-6-2018 20:11:11	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Extended Hours	S2_P3	if at all possible, adding routes on Sundays would be hugely beneficial for riders who work weekends. It would be great for visitors who come to the area for a weekend who could, say, travel between Medford and Ashland more easily, and fewer and fewer businesses are closed on Sunday nowadays.
3105856	10-6-2018 06:16:57	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Extended Hours	S2_P3	Sunday service, even with limited frequency, would really help. It is the most important consideration for me.
3104740	8-6-2018 20:00:48	RVTD2040TransitMasterPlan.metroquest.com	Web	Extended Hours	S2_P3	I get off work at 11 p.m., so the bus is not really an option.
3104904	9-6-2018 00:23:46	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Extended Hours	S2_P3	I believe Sunday hours should be added as well
3105674	9-6-2018 19:09:02	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Extended Hours	S2_P3	That would help some people need to get somewhere at a later time than most.
3103176	6-6-2018 21:04:45	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Extended Hours	S2_P3	Sunday the bus needs to run because people don't just work Monday-Saturday
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	Extended Hours	S2_P3	YES! This truly helps the economy because people on odd shifts can actually get to and from work. Take away some of the frequency elsewhere to make a trade-off.
3111658	18-6-2018 03:43:32	RVTD2040TransitMasterPlan.metroquest.com	Web	Extended Hours	S2_P3	And Sundays!
3113966	21-6-2018 00:53:04	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Extended Hours	S2_P3	Omg yes!! I grew up in Eugene then moved to Portland - I could always get where I needed to. Here, there is no way I could rely on the bus service to get around - it would limit me so much.
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	Improve Route Connections	S2_P3	No. This is a red-herring and distraction. Kind of like you have to fly into SF to get anywhere these days. Don't hub and spoke us to death. It also adds too much complexity in figuring out schedules, transfer slips and one bus depending on another. Let hubs also means less spending on construction, permits and design consultants.
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Improve Route Connections	S2_P3	The transfer stations would be nice for riders.
3104073	7-6-2018 23:22:33	RVTD2040TransitMasterPlan.metroquest.com	Web	Improve Route Connections	S2_P3	Have you ever considered routes that match work-commute patterns? You have vans for the aged who can't otherwise to the doctor. Perhaps its time to meld yellow bus operations with RVTD, seems to work for many metropolitan areas.
3113909	20-6-2018 23:30:26	RVTD2040TransitMasterPlan.metroquest.com	Web	New Routes	S2_P4	minorities?
3111407	17-6-2018 11:23:36	RVTD2040TransitMasterPlan.metroquest.com	Web	New Routes	S2_P4	Need to expand route 24, beyond the RVMC to include north phoenix, Roxyanne, Hillcrest and East McAndrew's
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	New Routes	S2_P4	Yes, but really do it. Talk is cheap.
3111302	17-6-2018 04:27:19	RVTD2040TransitMasterPlan.metroquest.com	Mobile	New Routes	S2_P4	I totally agree with this we need more routes especially i Eagle Point
3111391	17-6-2018 10:49:02	RVTD2040TransitMasterPlan.metroquest.com	Mobile	New Routes	S2_P4	East Medford - as I've stated in aforementioned comments - Hillcrest continues to grow and it would be an essential for anyone without a car.
3110882	16-6-2018 05:42:57	RVTD2040TransitMasterPlan.metroquest.com	Mobile	New Routes	S2_P4	On Ross Ln to 238
3106568	11-6-2018 17:18:35	RVTD2040TransitMasterPlan.metroquest.com	Web	New Routes	S2_P4	There should be a East-Medford (North Medford High area to Northgate).
3108815	13-6-2018 23:38:10	RVTD2040TransitMasterPlan.metroquest.com	Web	New Routes	S2_P4	What is/will be effect of TNCs?
3104548	8-6-2018 16:20:51	RVTD2040TransitMasterPlan.metroquest.com	Web	New Routes	S2_P4	E Main, Senior Center, Mountain Ave in Ashland
3104225	8-6-2018 05:26:57	RVTD2040TransitMasterPlan.metroquest.com	Web	New Routes	S2_P4	Serve the people who really need it not rich neighborhoods who think having a bus for entertainment trips would be nice. They can afford taxis
3104073	7-6-2018 23:22:33	RVTD2040TransitMasterPlan.metroquest.com	Web	New Routes	S2_P4	No, no, NO!!!
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	New Routes	S2_P4	Why is your system failing now? Make ridership appealing to the taxpayers who foot the bill now.
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Add Sunday Service	S2_P4	More routes that connect outlying areas to city centers for jobs!
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Add Sunday Service	S2_P4	Saturday Service is more important than sundays
3104073	7-6-2018 23:22:33	RVTD2040TransitMasterPlan.metroquest.com	Web	Add Sunday Service	S2_P4	Everyone needs a day of rest.
3105674	9-6-2018 19:09:02	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Add Sunday Service	S2_P4	Good thought some are only off on Sundays.

3108815	13-6-2018 23:38:10	RVTD2040TransitMasterPlan.metroquest.com	Web	First MileLast Mile	S2_P5	Important. Running large CNG buses cannot be justified environmentally in this role.
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	First MileLast Mile	S2_P5	Yes. Get modern. And don't use transit-speak. It's OK to use a brand name like Uber. They won't sue you, they'll love you. So, write "Partner with Uber-like companies or add a similar service run by RVTD." We'll understand that. Don't be so superior in your attitude.
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	Shelter Bus Stop	S2_P5	Nope. Kind of like building more transit centers. Spend the money elsewhere on new technology.
3111302	17-6-2018 04:27:19	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Shelter Bus Stop	S2_P5	This would be good for when we have rain (living I. Oregon we get a lot) and waiting in the rain with little kids is really not fun
3111407	17-6-2018 11:23:36	RVTD2040TransitMasterPlan.metroquest.com	Web	Shelter Bus Stop	S2_P5	More shelters please!
3103176	6-6-2018 21:04:45	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Shelter Bus Stop	S2_P5	Put more bus signs between Phoenix and Medford there is stops marked until Harry and David
3111183	16-6-2018 21:59:54	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Shelter Bus Stop	S2_P5	Poor behavior of people waiting to get on the bus is unacceptable and maybe needs to be more structured like not let people with aggressive behavior towards people who are being polite shouldn't be on the bus or be able to ride the bus you gotta think of safety
3111059	16-6-2018 15:38:20	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Shelter Bus Stop	S2_P5	People who are mean to others while at the bus stops shouldn't be allowed on the bus for that reason
3111391	17-6-2018 10:49:02	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Shelter Bus Stop	S2_P5	The bus stop design is quite unique with two seats, but no shelter in inclement weather!
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	Shelter Bus Stop	S2_P5	More stops with shelters as well as clearer signage.
3104073	7-6-2018 23:22:33	RVTD2040TransitMasterPlan.metroquest.com	Web	Shelter Bus Stop	S2_P5	200 days of sunshine
3113909	20-6-2018 23:30:26	RVTD2040TransitMasterPlan.metroquest.com	Web	Shelter Bus Stop	S2_P5	HUGGGEEEE
3106568	11-6-2018 17:18:35	RVTD2040TransitMasterPlan.metroquest.com	Web	Technology	S2_P5	Every bus should have WiFi
3104073	7-6-2018 23:22:33	RVTD2040TransitMasterPlan.metroquest.com	Web	Technology	S2_P5	Yes...but doesn't mesh with your current social engineering strategies.
3111391	17-6-2018 10:49:02	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Technology	S2_P5	Digital displays could be added - like in London - see the tfl.co.uk website!
3103176	6-6-2018 21:04:45	RVTD2040TransitMasterPlan.metroquest.com	Mobile	Technology	S2_P5	WiFi on bus
3111407	17-6-2018 11:23:36	RVTD2040TransitMasterPlan.metroquest.com	Web	Technology	S2_P5	As per most of London, England, where there are digital displays of approaching services.
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	Technology	S2_P5	Now you're talking!
3111671	18-6-2018 05:03:31	RVTD2040TransitMasterPlan.metroquest.com	Web	RightSizing Vehicles	S2_P5	I disagree. Reduce ALL bus sizes. Crowd us up on the regular routes so BMW drivers can see we're full-up in town, and 1/2 full out in the sticks.
3111407	17-6-2018 11:23:36	RVTD2040TransitMasterPlan.metroquest.com	Web	RightSizing Vehicles	S2_P5	Route 24 - perhaps a mini bus for quieter times if serving Hillcrest?
3108815	13-6-2018 23:38:10	RVTD2040TransitMasterPlan.metroquest.com	Web	RightSizing Vehicles	S2_P5	Electric buses should be considered. Prices should start edging down.
3111391	17-6-2018 10:49:02	RVTD2040TransitMasterPlan.metroquest.com	Mobile	RightSizing Vehicles	S2_P5	Good idea downsize some buses - even in quieter times of day.
3104073	7-6-2018 23:22:33	RVTD2040TransitMasterPlan.metroquest.com	Web	RightSizing Vehicles	S2_P5	Welcome to the 21st Century
3104225	8-6-2018 05:26:57	RVTD2040TransitMasterPlan.metroquest.com	Web	RightSizing Vehicles	S2_P5	If financially feasible
3103896	7-6-2018 20:02:39	RVTD2040TransitMasterPlan.metroquest.com	Web	RightSizing Vehicles	S2_P5	Understanding the community needs and if not enough riders are on a route reducing the size of bus but still provide that route service would be ideal than cutting service to that route all together

ATTACHMENT D: JURISDICTIONAL INTERVIEW SUMMARIES

ROGUE VALLEY TRANSPORTATION DISTRICT 2040 TRANSIT MASTER PLAN

JURISDICTION INTERVIEW

CITY OF MEDFORD
JANUARY 26, 2018 - 10:30 AM – 12:00 PM
CITY OF MEDFORD

MEETING NOTES

Attendees: Paige, Susie, Alex, Karl

Notes:

- ▶ General concern about the regional travel demand model.
- ▶ TODs
 - West Main TOD – partially completed but not complete
 - Downtown
 - SE Plan – east out Barnett
 - North Medford – Crater Lake Ave/Owen, Walmart, Medical Clinic, Office Buildings
 - Stuart Meadows – not a TOD but considered one
- ▶ Local Plans to consider - SE Plan
- ▶ Key destinations – Harry and David, Medford Center, Asante Medical area
- ▶ Growth Areas - Northgate – office/industrial and residential potential
- ▶ Front Street Station – at capacity, RVTD asking to use other side too
- ▶ SW Medford – low income, lots of Section 8 housing
- ▶ Future stop location - Stuart Meadows
- ▶ Charles Point – most dense area of Medford
- ▶ Walmart – could be a transfer site (fits 3 buses)
- ▶ Bike Share – half of the Medford bike share trips to go Biddle/Superior Court others to Town Center Drive
- ▶ Consider new transit routes
 - McAndrews from E. Medford, 60 to 30 to 25
 - Center, Garfield, Kings, Ogara
- ▶ TSP Survey has information on transit/transit related questions
- ▶ Previous TSP mentioned RVTD Master Plan with set asides for bus stops and access
- ▶ BRT – should be considered long-term – interested in express routes to Ashland and White City in the interim.
- ▶ City of Medford TSP should say what areas should be serviced and where they'd like express service.
- ▶ City would like to know where RVTD wants improvements to facilitate transit.

ROGUE VALLEY TRANSPORTATION DISTRICT 2040 TRANSIT MASTER PLAN

JURISDICTION INTERVIEW

CITY OF ASHLAND
JANUARY 25, 2018 - 10:30 AM – 12:00 PM
CITY OF ASHLAND
51 WINBURN WAY

MEETING NOTES

Attendees: Paige, Susie, Brandon,

Notes:

- ▶ Growth Areas
 - Railroad District (envision transit transfer and people walking to downtown)
 - Master Plan not adopted but street network is in the TSP
 - Croman Mill
 - Looking at some rezoning to get housing units to help with phasing
 - Would like transit to go down Central Boulevard in the future
 - Normal Avenue
 - Network in TSP
 - Anticipate 450 residential units
- ▶ BRT
 - Needs more space on the plaza – where?
- ▶ Downtown Plan
 - “recognized” but not adopted
 - Look at parking strategy only. No other improvements were accepted. Sharrow was accepted separately.
- ▶ Transit Triangle Project
 - Removes residential density caps in the triangle area
 - Code change is +/- 6 months out
- ▶ Transit Priorities
 - Downtown shuttle
 - Medical trips
 - RVTD hears about needs for service industry/housekeeping early morning service and late evening service for restaurants.
 - Serving service industry employees very different model than serving tourists
- ▶ Siskiyou past Walker Road is difficult for pedestrians – crossings, lighting

JURISDICTION INTERVIEW

CITY OF CENTRAL POINT
APRIL 3, 2018 - 9:30 AM – 11:30 AM
CITY OFFICES
140 S. 3RD STREET

MEETING NOTES

Attendees: Paige, Susie, Tom, Matt, Molly

NOTES:

- ▶ Current long-term vision for transit?
 - TOD has been implemented to facilitate the vision of more transit services in the city
 - The TSP also highlighted:
 - Regional problem solving with surrounding jurisdictions
 - Focus on increasing densities in the northeast and northwest regions of the city through TODs
 - Long-term vision of western CP-6A region coming into the growth boundary
 - Identified for 6.9 units per gross acres; equivalent to approximately 10 units per net acre
 - Prioritization of improving multi-family residential areas over single family in recent years

- ▶ Railroad crossing to Front Street (OR 99) from Twin Creeks TOD
 - a. The city is trying to get the crossing constructed this summer to help with the pinch point at the school but will likely be pushed back
 - b. Part of the work to secure this crossing involved improving the crossing at Pine Street and closing another crossing located in Marion County jurisdiction
 - c. No longer establishing the originally planned connection from the TOD across Front Street to the school parking lot
 - i. Will be a three-legged intersection with a signal
 - ii. Signal warrants were not met at this location, and ODOT does not support a signal

- ▶ Connectivity challenges in Central Point
 - a. How do you serve the Beall Lane area?
 - b. The creek causes some issues for pedestrian connectivity
 - i. From Grant Road over to Haskell Street

- c. In addition, there is a potential growth area to the west of the UGB that is planned to eventually be annexed into Central Point
 - d. Construct sidewalks on the east side of Front Street (across the front of the high school)
 - i. One route options would be a northbound bus on Front, left into the TOD at the railroad crossing, and maybe a left on Taylor
 - e. Housing Authority bought land in the TOD on Haskell Street
 - ii. 50 units, waiting on funding before constructing
 - f. Connection of Haskell Street south to Beall Lane is planned but property owner does not want to annex
 - i. If use Pine Street/Hanley Road as the southern connection, the Housing Authority land will be better served
 - ii. City is also considering a bridge over Griffin Creek to help with pedestrian connectivity
 - g. Grant Road is the current city boundary but there are potential expansion areas located west and north of the current boundary
 - h. West Pine Street is funded to become a three-lane road with gutter and sidewalk
 - i. Then to transition back on a county road when it becomes Hanley Road
 - i. There is a bridge over Griffin Creek at Flanagan Park
 - j. Daisy Creek does not currently have a bridge, located near the Housing Authority property
 - k. None of the cul-de-sacs have pedestrian cut-throughs
 - l. Beall Lane west of Front Street has an almost complete sidewalk network, some gaps on the western portion
- Route and stop ideas for enhanced RVTD service
- a. RVTD wants to consider new Central Point routes to start by 2019
 - b. Pedestrian-activated crossing at Front Street and Maple Street
 - i. Works for a route dropping passengers off on the east side of the street
 - ii. Take a left using the railroad crossing into Twin Creeks TOD
 - iii. Travel south down Haskell Street
 - iv. Left turn on Pine Street, right turn onto Front Street, right turn onto Beall Lane
 - c. 2nd Street and Manzanita Street
 - i. Could be a transfer center
 - ii. Currently a stop on Route 40
 - iii. Great grid system around it and walking distance to several activity centers
 - d. Destinations and attractions
 - i. Groceries
 - 1. Is Albertson's popular?
 - 2. People on the west side of the city are using the enhanced crossing on Front Street to reach Ray's
 - a. Including high school students for lunch
 - b. Signal at 2nd Street will be useful
 - 3. Ace's
 - 4. What is the cheap option for low-income residents?

- ii. New portion of potential riders in the northwest are likely choice riders
 - 1. Thus, will likely be connecting them to jobs and therefore needing to access the rest of the transit network versus a city circulator
 - iii. Anything across Table Rock?
 - 1. Yes, newly established Route 61 provides access, will be using the new signal on Airport Road
 - 2. May be a way to connect to Route 60 (Walmart/Thunderbird)
 - a. Food for Less is on Biddle (served by Route 61)
- ▶ Route 40
 - a. Biggest issue is the delay experienced on this route
 - i. People are missing their transfers at Front Street station
 - b. Traffic, congestion, new signals coming in
 - c. Not due to ridership delay; the boarding time has decreased with the fare card system
 - d. One option is to remove the stop at the mall from the route
 - i. The mall can be accessed via a short walk from the court stop
 - ii. Wasting 7-8 minutes going into and out of the mall
 - iii. Trader Joe's adds some time as well
 - e. Route 40 is already on an hour-long schedule
 - i. A larger geographic area will add ride time to passengers using this route
 - f. People crossing the railroad from Twin Creeks TOD
 - i. Need to be considering the shifts and hours of the employees
 - ii. Including Twin Creeks in a loop of some way will be important in the long term
- ▶ Eric Leal on CAC is the manager for the Providence clinic on 99 (could be served by a new loop serving Twin Creeks)
- ▶ City is split by I-5
 - a. East side of the city
 - i. Hidden Grove (low-income near La Clinica)
 - a. Well maintained neighborhood
 - ii. Shepherd of the Valley Catholic Church in this area as well
 - a. High Latina population accessing the church
 - b. Major city employers
 - i. School district
 - ii. Providence
 - iii. Retirement home in the city
 - iv. RVCOG
 - v. Employment mostly in downtown
 - vi. The Grange Co-op used to be a high employer as well, but they moved their corporate center from the Central Point location
 - vii. Mountain View Plaza, includes Albertson's and the other service and commercial uses in the lot
 - 1. Service uses include a medical clinic and banks
 - 2. Maintaining the Freeman Road connection will be important
- ▶ City discussions with the Housing Authority

- a. Looking to create a hub for transit, service/commercial land uses, low-income housing using the school district property
 - i. Funding from HUD
 - ii. Could potentially move Greyhound operations over there
 - iii. Jewett school property northwest of Albertson's
 - iv. Maybe this location is the transfer point and transit hub instead of 2nd Street/Manzanita Street
 - 1. 2nd Street/Manzanita Street does not have the same kinds of adjacent uses that the school location offers
- ▶ Long-term option: providing cross-town service
 - a. Offer a service connecting RCC to Central Point without going all the way to downtown Medford
- ▶ Don't see a lot of ridership coming from a potential west loop along Beall Lane
 - a. Instead, an option could include the Twin Creeks mini-loop as the end of Route 40 and then the current end of the Route 40 loop could be part of a city circulator
 - b. What would the equity issues be from this?
 - c. Trying to understand which areas want to access the rest of the transit system/downtown Medford versus those who would be looking to get around Central Point
- ▶ Anecdotes from citizens
 - a. Strong connection between Central Point and White City
 - i. Through tube counts on Pine Street, the city knows there is a peak in volumes right before the Boise Mill shift starts (4AM peak)
 - ii. Amy's Kitchen
 - 1. 5AM shift
 - iii. Will likely miss the beginning of the morning shift but could help with the return trip home
 - iv. 5AM start of service right now
 - b. There is a need for later service
- ▶ Prefer maintaining service on Pine Street and Freeman Road
- ▶ Need to provide great service to help capture those choice riders
- ▶ Urban renewal area in the older core area and along Front Street
 - a. Urban renewal plan, 25-year horizon (third year this spring)
 - b. No project list yet for transit
 - c. Focused on ped/bike network, more direct routes instead of in and out (such as the 4th Street-Hopkins Road corridor)
- ▶ No connection to the Bear Creek pathway in Central Point
 - a. Grade-separated on the portion adjacent to the city
 - b. City is interested in gaining a connection
 - i. Upton Road and Pine Street are the two connections
 - c. Including Pine Street facilities across I-5 is also an issue
 - i. This is part of the urban renewal area
 - ii. Included bike/ped facilities over I-5

- ▶ Long-term transit connection of Pine Street to Hamrick Road makes sense (east-west connection)
- ▶ Exit 33 is not envisioned to be improved for another 20 years
 - a. IAMP provides what would be needed if the interchange was improved
 - i. Second westbound left-turn lane onto the freeway
 - ii. Second northbound right-turn lane off of the freeway
 - iii. West leg widened
- ▶ Tolo is partially included in the Central Point UGB
 - a. Brought into the UGB to rezone to industrial
 - b. Waterline to Ericson Air-Crane Inc on 99 would have been about \$1 million
 - i. The property owners (trucking company) decided against it
 - c. Without the waterline/infrastructure, it will be difficult to improve this property in the future
 - d. At least 20 years out to do anything
 - i. Area includes railroad, state highway, county roads
 - ii. All employment based, no residential growth factored in
 - 1. If ever came into the boundary, residential uses would be non-conforming
 - iii. ROI has been studied for including Tolo area within RVTD district boundary
 - 1. Not likely to include any service for this area
 - 2. RVTD has approached Ericson about ridesharing before
 - 3. Not in the City boundary, part of urban reserve
 - 4. Ericson, Cross Creek Trucking, Hilton, and other employees out there would be important to include in the TO plan
 - b. Vanpool idea, right off the freeway
 - c. More cost effective than a transit line

CENTRAL POINT TOUR

- ▶ Route 40 uses Freeman Road
 - Want to keep transit along this street due to a mix of land uses and houses
 - May also consider Front Street
- ▶ The city has a TOD on the west side near OR 99/Pine Street (Twin Creeks)
 - Current closest stop is 2nd Street/Manzanita Street
 - Zoned commercial but no major commercial uses yet
 - Still building currently; a lot of land to work with yet
 - Includes senior living near Taylor/Haskell intersection
 - Assisted living and retirement center adjacent to the practice fields on Twins Creeks Crossing
 - Circular park (Twin Creeks Park) that is adjacent to the new railroad crossing, expected to be constructed in the next year
 - The city is expecting a transit route to go to the TOD via the Twin Creeks crossing

- Potential opportunity to provide a bus stop near the soccer fields/retirement home because there is room for a pull-out
- RVTD has been considering the TOD as the north terminus for the potential BRT service
 - Citizens in the retirement home said they don't need rapid transit, just reliable service that provides a nearby route
- Most streets in the TOD have sidewalks, but there are not many continuous sidewalks in the adjacent neighborhoods
- There is low-income housing south of the TOD that could be served from a route in this region of the city as well
- Potential transit service option to the TOD
 - Divert Route 40 to serve the TOD, using the new crossing to access OR 99
 - Add a new route to provide coverage for the rest of Central Point
- ▶ Taylor Road to Scenic Avenue is an urban reserve area
 - Planned for commercial and high-density housing in the next 20 years
 - RVTD would eventually want to serve this area when it comes online
- ▶ There is not a lot of connectivity between collectors and arterials in the city
 - Do not have a grid network
 - Creeks on the west side of the city create natural barriers
 - Prefer a loop in a counter-clockwise direction
- ▶ Could start service in this area with a Valley feeder demand-responsive service
 - Would allow RVTD to better understand the pockets of transit users in the city
- ▶ There is not a lot of trip generators south of Beall Lane
 - Prefer a route that travels westbound on Beall Lane, dropping off passengers on the north side of the street
- ▶ The city is doing a complete streets project on Pine Street right now and built a concrete pad for a RVTD stop
- ▶ East side of the city, near La Clinica
 - Hamrick Road
 - West side is an urban reserve area, likely to become more low-income housing
 - La Clinica is located on the east side of the street with great pedestrian treatments
 - Potential route on Hamrick Road could include a stop near La Clinica where the existing low-income housing residents would be able to cross at the enhanced pedestrian crossing
 - Route could loop around Table Rock Road
- ▶ Albertson's and the surrounding services is the mecca of commercial uses in Central Point
- ▶ Potential to coordinate with the MPO's active transportation plan process
 - The MPO would like a table at RVTD's open houses
 - Want to understand where to provide pedestrian connectivity for transit routes
 - Can understand where the bike network and transit network connect
 - Where would RVTD recommend more bike storage amenities?

JURISDICTION INTERVIEW

CITY OF TALENT
APRIL 3, 2018 - 11:00 AM – 12:00 PM
INN AT THE COMMONS
200 N RIVERSIDE AVENUE

MEETING NOTES

Attendees: Zac Moody (Talent), Paige, Susie, Molly

NOTES:

- ▶ Highest priority enhancements to existing service for Talent citizens
 - There are currently route 10 schedule adherence issues
 - Recent route change that gets the bus off Talent Avenue on a more northern street and cuts off some of the south end of town from transit
 - OR 99 is going to be reconstructed as a 3-lane roadway with bike lanes (no bus turn outs planned as part of this)
 - From Rapp Road to N Main Street in Ashland
 - Not desirable to drop people off on the east side of OR 99 due to a lack of crossings
 - Not a lot of reported crashes but still an issue
 - Creel Road intersection
 - ODOT not agreeable of upgrading to a signal
 - Flashing beacons is preferred by ODOT but not necessarily happening
- ▶ Talent is very transit-supportive and don't envision OR 99 as the main transit route through the city
 - Want to get transit back in the heart of town
 - Want a circulator system of some kind
- ▶ Downtown Talent has Talent depot by the tracks
 - Could become a transit station with ticket station, tv monitors, etc.
 - Engineered to allow a bus to turn around
 - Potential as a transit mall
 - Used as a park and ride currently (1 space normally used out of 4)
 - Right by tracks, which could one day lead to passenger rail (likely more a 50-year vision)
- ▶ Main Street
 - A lot of traffic at 8am and 2-3pm
 - Schools in the area, 20 mph school zone
 - Delays due to trains adjacent to city hall
 - Half roundabout connected to OR 99

- OR 99 and Valley View mixed-use project to expand the roundabout
 - Likely 60 units of senior living
- Would better disperse traffic
- Vision for that area is a multi-modal transportation area
 - Valley View and Talent Avenue was the preferred bus stop location but put it near the theater instead
 - Area for a shelter, bulb out, RRFBs to be installed at this intersection
- ▶ TSP was redone in 2015
 - Discusses the roundabout
 - Until the irrigation district does anything there, the full roundabout will not be constructed
- ▶ Idea of an OR 99 express bus
 - Does this still come down Main?
 - Rapp Road would be another option
 - Would need to go through a residential area that does not want their street at a collector street (2nd street)
 - Mostly built as a collector but a portion is residential
- ▶ RVTD will go through another local jurisdiction review once have an idea of routes
 - Encouraging jurisdictions to get funding to help with improvements and identify roads that are built to accommodate transit
 - Rapp Road is getting a pedestrian bridge
 - There will be safe routes to school funding that Talent would likely be in a good position for receiving
 - Talent should have a CIP in the next year or so to help prioritize the infrastructure
- ▶ Commute patterns between Talent and other cities
 - Not sure how many ride the bus to Ashland for work
 - College and youth would be likely riders
 - A lot of people using the bike racks on the bus
 - Ashland open enrollment
 - Those who can afford to send their kids to Ashland are likely living in the southern end of town
 - A third of population in valley does not have a car (per Josh?)
 - Talent has a lot of senior and affordable housing, mobile home parks
 - Would say a significant portion of Talent's population uses transit
 - Open enrollment in Ashland may be having people from Talent enroll their kids
 - Not sure if they are using transit
 - South section could get 50 new units
 - Joy Drive, Meadow Lane, Talent Avenue
 - Find a way to get that connection from Creel
 - Need road engineered correctly to have buses operating
 - ODOT is going to be filling some sidewalk gaps on Creel
- ▶ Idea of splitting route 10

- A turnaround near the Ashland Hospital and then a second route that just serves Ashland
- Adds a lot of time on the route
- If there are a lot of people having to transfer, there may be too much schedule friction for riders
- If there are a lot of riders from Talent to Ashland, could make the turnaround in Talent instead
 - Best option would be somewhere outside of the UGB
 - TA4, TA5 will likely be residential when brought into UGB
 - Mix of low and high density
 - Near the core of the town
 - Near the mobile home area
 - Able to access transit without crossing the highway
 - May have some commercial on the highway
 - Could have a transit center or park and ride
 - Suncrest Road connecting through to collect a lot of pedestrian traffic
 - Transit centers aren't considered open space for the Talent requirement but a transit center would be an allowed use in a residential area
 - Wenita park and ride example
 - About a 30-stall park and ride facility in the center of town
 - Had enhanced shelters
 - Brings people off of the highway
 - Not a super busy area
 - Could potentially partner on a grant through FTA if RVTD could get a portion of land that is allotted to a transit center
 - FTA will allow a public-private partnership like this
 - Haven't been very kind to the "developers"
 - It would be helpful for the council to hear that idea from RVTD instead of the city planner
 - May be able to do subsidizing for development
- ▶ Idea of express service on I-5
 - There is a lot of vacant land between Valley View and OR 99 near the highway
 - Walmart parking lot
 - Potential for commercial here
 - In a flood plain, so may be un-useable land for the developer
 - Maybe something flat would be beneficial for a park and ride
 - West of the interchange
 - Bramo sold to Cummings
 - Engineers in the facility now
 - About 5 years until the requirement of not being a retail use is lifted
 - Truck stop site is also an opportunity, but probably less likely
 - Valley View to be converted to a 3-lane cross section in the next year or so
 - Identified in the TSP

- ▶ Express route on OR 99 would only save about 5 minutes when RVTB has modeled it in the past
 - Express routes would likely attract riders from further areas
 - Transit signal priority project with ODOT is being implemented and should help
 - GPS TSP system, likely going in 2021
 - OR 99 and OR 62
 - Slowly putting in the pieces of a BRT program
- ▶ What if OR 99 was the express route and a Talent circulator was current 10?
 - Maybe not enough ridership for that, maybe a smaller bus
- ▶ Figure out a way to do something on Valley View or TA4 or TA5 in terms of a turnaround
 - ▶ Bramo and Valley View signalized intersections are very slow
 - ▶ Walmart owner may be a willing partner
 - All would be great amenities that many developers look for
- ▶ Potential circular
 - Either Talent Avenue or OR 99
 - Don't see any other possibilities
 - Already a walking and biking community - other areas may not be necessary
- ▶ Can't attract high-density residential developers because of restrictive parking requirements
 - Building that much parking can affect the affordability
 - Just completed a parking study
 - Some ideas for incentivizing walkable travel in downtown
 - Businesses encouraging it
 - RVTB as a resource to help with these types of policies
- ▶ The turnaround would be a good opportunity for providing a park and ride that is actually used
- ▶ Want Saturday service
 - No other anecdotal needs
 - Believe the system would be used if it ran 7 days a week
 - Talent would likely be one area that would use it a lot on Sundays
 - Increase Saturday service to 30-minutes on route 10 only
 - Seniors plan their time around bus schedules
 - Could look into ridership near **patio village** outside core downtown area
- ▶ Zac and the council are main city contacts for the RVTB Master Plan
 - Would like to have Paige do a 10-minute presentation for the city council to say what the region is up to in terms of transit
 - Such a meeting would likely bring forward more people who are interested in this plan
- ▶ Review the Talent TSP
 - Very multi-modal
 - Connecting park/trail systems
- ▶ Rapp Road
 - Independent pedestrian bridge adjacent to the other bridge

- Ideally would create a trail north along Wagner Creek to connect to Bear Creek Greenway
 - Likely RRFBs at crossing with Wagner Creek across highway in 2019
- OR 99 and Valley View already have ODOT approval for RRFBs in the future
- ▶ If asked Talent to pick a park and ride location now, would want near Bramo building adjacent to the freeway because there would be a pedestrian connection and connection to Bear Creek Greenway
- ▶ Urban reserve area on west side
 - District facility plan to develop that area into a school
 - Urban renewal area was just a connection to the school
 - RPS amendment likely for TA-1 to residential
 - Worth looking through the draft facility plan (Talent/Phoenix school district) by Craig Stone and Associates
 - Jay may be the right person to ask for a copy

ATTACHMENT E: ORGANIZATIONAL INTERVIEW SUMMARIES

ORGANIZATION INTERVIEW

ODOT
JUNE 7, 2018 - 10:30 AM – 11:30 AM
TRANSLINK
239 E. BARNETT ROAD

MEETING NOTES

Attendees: Art, Ian, Jenna, Jennifer, Tim, Julie, Paige, Susie, Molly

NOTES:

- ▶ In terms of ODOT facilities, RVTD uses OR 62 and OR 99
- ▶ Jurisdiction of OR 62 is going to Medford/County but it is still important to ODOT
- ▶ On OR 62, there is still time, and potentially budget, for ODOT to implement more improvements before giving the street to the city
 - ODOT is willing to support RVTD using the new expressway if RVTD had the funding and buses for express routes
 - Interested in sidewalk infill on OR 62 to get pedestrians to the bus stops
 - Some potential JTA funding left
 - Already adding in an ITS system into the express way
 - Some money that we could use on multimodal improvements on the existing road
 - Commissioned to study through URS when first were looking at this project about 10 years ago
 - Providing a connection to White City could be considered
 - Lithia has started filling in some with their development
 - Still have another 8-9 months of construction so not sure how much potential extra funding there will be
 - Some options for transit on OR 62
 - Potential to go out to the Eagle Point
 - Take express to Eagle Point and maintain normal route on OR 62
 - Maybe a park and ride near Egot Road.
 - Park and rides are great ideas but they need to be adjacent to the highway facility to be supported by gas tax funding
- ▶ Vilas interchange
 - Want to implement an IAMP and then an interchange eventually
 - Do not have the ROW currently
 - No funding in the next 15 years at least due to the house bill that just passed

- ▶ Initial design looked at frontage road near Fred Meyers adjacent to OR 99 but it was taken off the table
 - This is definitely not on ODOT's list
 - Once jurisdiction is given to the city, this will not be part of ODOT's system
 - The frontage roads would have been in lieu of the express way when initially discussed
 - There is limited access for RVTD to reach Fred Meyer partially because of the connection restraints
 - If there are leftover JTA funds at the end of construction, ODOT would be willing to help
 - Route 61 experiences a lot of delay going north on Biddle, to OR 62, north to Popular Square and then yielding to NB 62
 - A lot of congestion for the buses
 - Speed will be 55 on the express way
 - That bottleneck area seems less congested with Costco leaving
 - Extension of the expressway to I-5 seems like the next big priority/phase for the project
 - Probably on the scale of a \$200 million project
- ▶ South Stage
 - Property owners are expecting RVTD to serve the new development
 - Foothill Road has potential from Delta Waters to Phoenix
 - Foothill Road is funded to be fully improved
 - Centennial golf course
 - Volumes will be greatly diminished if they don't have a full interchange to South Stage according to Medford
 - Too close to another interchange
 - More likely to do the planned overpass
 - Timeline is up to Medford for this project
 - Not likely in the next 20 years
 - Connection from South Stage to OR 99 is most likely to occur with coordination between the developer, city, etc
 - Mid-term improvement list
 - Foothills Road corridor will be important
 - Developers need to help with these challenges
 - The want for new connections, service, and accessibility is due to development
 - Medford and Phoenix are growing east-west
 - Maybe they could go after an additional tax although people in the valley feel overtaxed already
 - Need political will for another potential house bill
- ▶ South Stage Road
 - Will likely need some kind of service on Phoenix
 - Don't see the transit-dependent being located here

- There is a TOD and employment in the area
- Phoenix and Medford URA in that area and the southeast TOD
 - Transit-supportive areas for employment
- Phoenix urban renewal is focused on the community center
- ▶ OR 99 has potential for high capacity transit
 - RVTD did an HCT study, looked at potential locations for additional bus stops
 - TSP and bus pull-out flexibility on the corridor
 - Harry and David's is an example of being able to be flexible in pull-out design
 - OR 99 plan has some of this spelled out
 - When will the next phase be funded? It is unknown
 - OR 99 as a multimodal corridor is a main focus
 - Committed to helping with this vision
 - Road diets, downtown streetscape feel through the towns, etc.
 - TSP is going to be key to RVTD on-time performance issues
 - Would like to be aggressive with this technology and implementation
 - RVTD has been awarded grant funding
 - GPS transit signal priority
 - For both OR 99 and OR 62
 - Over \$1 million to invest; will hire a consult to work on this
 - Need a data warehouse, part of RVITS plan
 - ODOT is doing a first phase for OR 99 from Garfield to Valley View
 - Traffic control signal switches
 - Long-term vision is GPS-based TSP on both OR 99 and OR 62
 - Likely not implemented until 2021 or 2022
 - Will not be re-doing what ODOT is implementing on ground
 - Only 3 signals in the ODOT segment that will need to be updated
 - Will need to spend money on the emitters on the buses
 - RVTD and ODOT to get together to have a coordinated plan moving forward
 - Ashland to Central Point was identified for TSP
 - Phoenix, Talent, and Ashland complete streets
 - Pedestrian refuges, RRFB, other improvements
 - Between Phoenix and Medford
 - Birch to Coleman as well
 - Sidewalk system to the bus stops is lacking
 - Want to prevent jay-walking (like on Rapp Road and Creol)
 - What areas could be improved for active transportation?
 - When ODOT completes big projects, should be allotted some money for TO and TDM
 - Using this as a tool for congestion problems
 - How do we utilize the roads that we have better?

- There are key congestion issues, but they are spot locations
- IAMP for exit 27
 - TDM and transit not really addressed
 - Charging for parking is one measure
 - Stagger start times by 15 minutes
 - Need to get political will behind these kinds of measures
 - If we have a strong stance on this in the RVTD plan, we will have an ability to stand behind it and start a conversation
- The big X
 - OR 99, OR 238, near Trader Joe's
- ▶ JEMnR model can look at mode shift, VMT, etc
 - Start to get at some of these issues
 - TPAU owns this model
 - Sensitive to transit but not sensitive to bike/ped
 - Will get to a vision of the 2042 system (unfunded but visionary)
- ▶ Congestion and stress of delay/parking could shift the mode
- ▶ Everything is trip driven
 - Are there new tools for having private developers fund improvements?
 - Doesn't allow flexibility for developers to group together and fund improvements

ORGANIZATION INTERVIEW

TRANSPORTATION IMPACT COMMITTEE
JUNE 7, 2018 - 1:00 PM – 2:00 PM
UNITED WAY OF JACKSON COUNTY
1330 POPLAR DRIVE

MEETING NOTES

Attendees: Traffic Impact Committee members, Paige, Susie, Molly

- ▶ Transportation impact meeting
 - Work that has been done by this committee before is important to the plan
 - Paige can share more with the PMT about previous work
- ▶ RVTD will share the survey results with this group
- ▶ Paige to forward the link for the virtual open house to this group
 - Can share it on Facebook and have them send to each individual group they represent
- ▶ Ideas to increase ridership
 - 15-minute headways would create more opportunities for employment use
 - Concentration of service to low-income, senior housing developments
 - Need all stops to be accessible
- ▶ Do we want an independent or dependent system? And how do you sustain it?
- ▶ Increase service on main arteries to help with getting to work and provide convenience
- ▶ Goodwill → none of their employees take transit even though there are stops right outside the door
 - Worried about hours
 - Similar for Fred Meyer's employees as well
 - Idea of sharing a "starter pack" to get the word out to people working at these places. Make sure they know all their transportation options
 - South Walmart also doesn't have riders because the schedule does not work for their shifts
 - Open until 11 PM
 - Can't always guarantee particular shifts and start times
- ▶ Look at surrounding geography and destinations for transit routes
 - Housing authority complexes and ensuring access (like Holly Street apartments)
 - What grocery stores can they get to?
 - Even ¼ mile walk is a struggle for some
 - Can housing authority provide an inventory of their housing locations?
 - Have a bus pass program with seven housing authority communities already

- Twin Creeks community
- Apartment complex and assisted living housing
 - Mix of home types
 - Seniors and families with kids
- ▶ Bus service around Melissa's offices
 - Yes, there are routes near each existing office and they look at potential locations with transit service
- ▶ There are upcoming food stamp changes. People without children have to be employed or searching for employment to receive food stamps
 - Ages 19-55
 - Will supplement people with gas cards and bus passes to get to orientations and complete work searches
 - Can they put orientations in areas that are accessible by transit?
 - White City DHS location
 - OED in Medford
 - Upper Rogue Community Center in Shady Cove
- ▶ Will be looking at proximity of dwelling units and employment to transit through this plan
 - Currently covering about 80% of employment in the district
 - As the region grows, this number will decrease
 - Proximity to employment seems the most important for this committee
 - Could have a model that focuses on this mission
 - Especially since people don't always have the option to choose where they work but likely have more flexibility for where they live
 - Think it should be more about density
 - Access to high density of jobs
 - Or high density of homes
 - Wouldn't target single family homes

ODOT PUBLIC TRANSIT DIVISION

QUARTERLY REPORT BUDGET DETAIL WORKSHEET

(To be used for Operations, Purchased Service, Mobility Management, Preventive Maintenance and Planning Projects)

PROVIDER/AGENCY NAME: United Way of Jackson County

FISCAL YEAR OF REQUEST: 2017-2018

QUARTER/MONTH: April - June 2018

Table with columns: GRANT DESCRIPTION(S), GRANT AGREEMENT NO(S), United Way, Mobility Management, and TOTAL. Includes sub-section ADMINISTRATIVE EXPENSES with items like Labor: Salary & Fringe Benefits, Office Lease space, etc.

Table with columns: OPERATING EXPENSES and TOTAL. Includes items like Labor Salary & Fringe Benefits, Vehicle Preventive Maintenance, Fuel & Oil, etc.

Summary table for NET OPERATING EXPENSE and TOTAL EXPENSE. Includes rows for Farebox Revenue Allocated to Grant, Other Reductions in Grant Eligible Project Amount, and TOTAL EXPENSE.

Table for SOURCE FOR MATCH FUNDS (ENTER BELOW) with columns: SOURCE, and TOTAL. Includes rows A, B, C, D and a TOTAL MATCH AVAILABLE FOR THIS PROJECT row.

Approval: By checking this box [checked] or signing below, I certify that I am the authorized representative; this document is correct to the best of my knowledge, and is not being used to request reimbursement from any other source.

United Way of Jackson County
Reporting Period: January 1 – March 31, 2018
ODOT Public Transit Division
Quarterly Report Budget Narrative

January through March work focused the Transportation Impact Committee and implementing work outlined in the Transportation Impact Work Priorities for 2017-19, Objective #2 Outcome: Increase employer and institutional willingness to support transportation options; reduce unemployment due to lack of transportation options; increase transportation options for low-income employees and students; and improve target population access to social services. Interviews were completed for this phase. Broadening the interviews likely will be undertaken throughout this year and next. The committee is in the midst of prioritizing the findings of the conversations. Final reports will be shared with RVTD on both the people with disabilities findings.

Another group has visited most of the 5 major employers that they targeted to learn what the transportation needs of their employees are and how we might help to get those needs met. Their final report is expected in May.

Active collaborative associations continue with the Consortium Network, Project Community Connect the Jackson County Homeless Task Force Continuum of Care, COAD, Vulnerable Populations, United Way Public Policy and Community Building and the Housing and Transportation committee. In addition, two members of United Way are on the CAC for RVTD. Francis Plowman, chair of the Transportation Impact Committee and United Way board member, and Dee Anne Everson, CEO, United Way, are on the CAC.

The Active Transportation sub-committee continues to work on bike projects, still working on a project to provide bikes and teaching folks how to repair them at Hope Village, and other social service locations.

Major Employer Interviews

The Transportation Impact Committee decided to interview major employers with multiple locations in the Rogue Valley as a part of the Mobility Management work. A subcommittee was formed including Francis Plowman, Al Densmore, Edam Gomez, and Dee Anne Everson. The full committee prioritized employers to contact and determined the questions to ask.

What follows are the summary answers from Providence Medford Medical Center (all locations), Fred Meyer Stores, Wal-Mart Stores, and Southern Oregon Goodwill locations. After repeated attempts, we were unable to survey the Medford School District. The answers below do not identify the individual employers.

What do you know from your experience working with your team about transportation services in the Rogue Valley?

- We don't have a lot of experience with transportation issues for our employees. We have only a few who use public transportation.
- The transit system doesn't work for our employees due to shift times.
- Familiar with RVTD and have worked to adjust schedules for employees to use transit. Some experience offering bike services in the Valley, and very interested in the Commute Solutions provided by RVTD.
- Employees just don't use transit due to work schedules even though stops are convenient.

What have you heard from your employees or other management about transportation issues in the Valley?

- It's a challenge not having service after 8 pm or on Sundays. Our store hours make riding the bus a challenge.
- Retail doesn't work with the bus.
- It doesn't work for customers or workers.
- Frequency, timing and convenience have been an issue. Currently, not many employees utilize transit to commute, there are no parking congestion issues and many do not have a problem getting to work.

What is working for transportation in the Valley?

- Disabled services are very good. Helping patients get to and from medical appointments is great. Bike encouragement and bike share seems to be beneficial to community members and employees.
- Great with expanded hours, more routes and we need Sunday hours.
- Really uncertain about how it works. Looking forward to meeting with Edam.
- It seems to work for some of our customers in the middle of the day.

What could be better?

- Bike routes, because many areas are unsafe to bike in. Would like to see better bike lanes and infrastructure. Increased services for patients, medical appointments and timing for delivery and pick up could be much better.
- Sunday transportation is crucial. Transportation until 8 pm or 9 pm.
- Sunday hours.
- 9 pm hours or even 10 pm to help retail.

Any other comments.

- We understand the limitations in resources and constraints in budget. It would be great if the routes were concentrated around major employers instead of neighborhoods.
- Any expansion would be great.
- Our store has 3 people using transit. It's hardly worth it. The other store has none. It's too hard to use and keep a job.

Interviews with Selected Agencies Serving People with Disabilities

Last fall the Transportation Impact Committee organized conversations with partner agencies serving seniors and people with disabilities. Committee members sat down with groups of managers and front line staff to learn about their impressions of transportation issues for their clients. This information will continue to be used to inform the work of the committee. The information, organized into categories is provided. Notes of conversations follow.

People with Disabilities Transportation Conversation October 27, 2017

The Arc of Jackson County, Compass House and RVCOG

Committee Members Present: Francis Plowman (Chair) and Laura O'Bryon.

Staff Members Present: Jan Sanderson Taylor

Service Agency Representatives Present: Trish Welch, The Arc of Jackson County; Chris Folden, Compass House; Sean Conelly, RVCOG.

Regarding People with Disabilities

1. What do you hear from people about what works in the area of transportation in the Rogue Valley?'

- Saturday services, extended hours, expanded routes – all the work RVTD is doing Price is fairly reasonable for the bus transit
- Vouchers for medical transportation huge for Compass House members
- CCO's work with the transport to make special exceptions for people

2. What do you hear from people about what isn't working in the area of transportation in the Rogue Valley?

- Wait time – huge waiting window Trans Link and Valley Lift
For example: a person schedules an appt at 4:30 and it goes past when the transport service stops at 5:30 – they would be required to call before 5:30, in this case during the doctor visit, to inform transit of the delay and so sometimes they can't get home.
No number to call for (which services – Trans Link, Valley Lift, Ready Ride?)
It's difficult when drivers arrive early and tell members they must leave immediately. Frequency is a question – members don't always tell us (CH).
Pretty uniformly across both medical service transport agencies.
- If riders don't comply (as in the above example), they are threatened with

discontinuation service.

- There are times when the lift doesn't show up at all.
- Schedule confusion may be partially the issue. (How are you getting home questions would be helpful as part of the reservation routine.)
Is there some sort of confirmation that a ride is scheduled (texting?).
- Bus service beyond White City seems non-existent. Connector was unknown to this group.
- If you're non ambulatory, a bus stop any distance away can be impossible.

Regarding the employees who work directly with people with disabilities

1. What do you hear from your employees about what works in the area of transportation in the Rogue Valley – is it different than what you hear from clients?

- We're seeing a handful of fellow employees who struggle with transportation.
- We hear about consumers complaints mainly through employees
- Nothing really different from above
- If you have developmental disabilities you might struggle more
- Once you get into the system it's fairly easy to navigate

2. What do you hear from your employees/fellow employees about what isn't working in transportation in the Rogue Valley?

- What do you do if you work on Sunday?
- Only other option is to call a cab (estimated at \$18 downtown).
- One employee is disabled and Sundays and Saturdays when there's no bus service. One employee took a cab and spent a whole days wage on a cab to get there on a holiday.
- Insurers can cover a portion of the Valley Lift and Translink, bringing the fare down to \$4 each way.
- Some employees at Arc couldn't come in to work on Saturdays – we're glad the service has been extended.
- RVCOG employees, people disabilities are looking to raise \$\$ to put in Trikes and the base for them to put in in Medford.
- The bike riding is unsafe in the Rogue Valley.
- At Compass House there's a bike rack that gets used pretty often.

- Once the bus bike rack was full.
- At Arc tenants in their apartments use bikes
- And it's not safe to park your bike at any of the businesses. Once a month Chris hears a report of bikes being stolen in Central Point.
- Twin Creeks has two senior areas, HUD and an independent living area, residents have taken to riding bikes – their rides are limited to the complex. The feeling of safety on the grounds contributes to it.
- A couple employees bike to work at RVCOG and it seems to work for them.
- Walking can be dangerous, too.
- Downtown Medford has a lot of people walking.
- There isn't much walking in Central Point – where there are sidewalks it's better.

Ideas to Improve transportation in the Rogue Valley

1. What are your ideas to improve transportation in the Rogue Valley?
 - Trish wishes we had a bypass for cars.
 - Extend bus ranges out toward Eagle point.
 - Capacity accommodations? A few vans?
 - Ridership up with expansions...
 - Population of riders, like people working at Harry and David or Amy's kitchen can't get to work or can't get back. Extend hours just in large employer areas. Even just during shift changes.
 - Twice on Sunday?
 - Safety. Going to the transfer station employees and patrons comment feeling intimidated on the bus and at the station, especially extended waiting at the station.
 - Vans might make safer and fill capacity.
 - Increase shelters – for weather.
 - Bus schedules at the stops
 - Turnouts for bus stops at certain points.

People with Disabilities Transportation Conversation December 12, 2017
RVCOG Senior Management
155 N First Street, Central Point

Present from RVCOG: Berta Varble, Connie Saldana, Evelyn Kinsella, Kathy Young, Laura O'Bryon and Sean Connors. Jan Sanderson Taylor, United Way, was present as interviewer.

What do you hear and see about how transportation works or doesn't work?

1. What do you hear from your employees about what works in the area of transportation in the Rogue Valley?

- Getting to meal sites is good for interaction for seniors .
- Love the Jo County to Jx County Commuter Bus .
- Medicaid transportation works .
- Call-A-Ride (Community Volunteer Network) works and a little volunteer program like it in Rogue River works (Sue Smith facilitates).
- Bike lanes are working – but drivers need to understand sharing the road.
- The busses that have lifts to accommodate people with disabilities are working.
- Bicycle transport on busses.
- Food and Friends increased volunteer food delivery drivers by 9% (credited to hire of a great volunteer coordinator).
- Wide sidewalks are working; they encourage and enable walking and use by those in wheelchairs and walking assistance devices.
- Curb cuts help people get to busses and elsewhere.
- Expanded areas of bus service.
- Riding the bus builds community.
- Transport of bicycles on buses

2. What do you hear from your employees about what isn't working in the area of transportation in the Rogue Valley?

- Travel by bus isn't available at certain times and certain places.
- Parents with disabilities can't get out for errands.
- People not on Medicare are left out of available medical transportation .
- Lots of really poor people live in rural areas and other areas outside bus routes.
- Walking distances to destination and from homes are often too far from stops even where bus routes don't seem too far for able bodied people.

- Problems in accessing Food and Friends meal sites
- Isolated People often experience depression
- Need for more service that offers accessible van sharing
- Limited access to Valley Lift's established boundaries
- Deficit in medical transportation in general
- People on Medicaid turn 65 years old and are then left out of medical transportation
- Need for coupons for discounts for taxis for seniors and people with disabilities

What are your ideas to improve transportation in the Rogue Valley?

1. What are your ideas to improve transportation in the Rogue Valley?
 - Stops in neighborhoods for seniors who can't walk to the bus.
 - Rickshaw bikes work well in Scotland, where seniors use them free of charge to get out and get fresh air.
 - Over 60 – transportation free.
 - Using, for example, Translink as a pipeline for funneling for grants, gifts, coupons to ride and for scheduling all kinds of shuttling service.
 - Coordinating role to use nursing home, church and school buses/shuttles/vans when not in use for other transportation needs with trained drivers.
 - Coordinate political action to promote legislative support of public transportation.
 - A designated staff who works on coordinating transportation opportunities
 - Mix of school transportation with public transportation
 - Political action strategy to advocate – look at coordinating legislative action
 - Provide free transportation for people over 60 years old.
 - Support cabs, Uber and Lyft as diversification opportunities – provide reduced fare/free coupons.

**People with Disabilities Transportation Conversation January 2018
 Senior and Disability Services Staff at All-Staff meeting RVCOG
 Submitted by Laura O'Bryon**

1. **What do you see that is not working in Jackson County?**
 - 3 people noted – Ready Ride and Translink – the timing is problematic issue... have to go really early before appointments & wait long time for pick-up

- Ready Ride and Translink and Valley Lift – Picky about where they pick people up (weather issues, sometimes away from the place of origin, pick up in unsafe areas, unsheltered areas.)
- 6 people noted- Pricing for established transportation can be out of range financially for some people
- Differences between what caregivers role can be, and what established transportation options role can be. Caregiving role can't provide transportation, transportation role can't provide caregiving (example: no hands on assistance) (Call-a-Ride on occasion will walk someone to house; Valley Lift only drops them off)
- Severely disabled people cannot get out and about to reach transportation options. Connectivity is a problem.
- Example of severe concern: Valley Lift was called for a pick-up, the 88 year old woman (on oxygen) had to use the bathroom, when Valley lift arrived and she was not waiting there visibly, they left. She had to wait 2 more hours for pick-up, and the office closed while she was waiting.
- Some clients cannot understand and/or follow the process on how the pick-up options work. Impediments – stamina, mental health, medical issues
- 17 people noted this concern – Outside of Valley Lift areas of service, people in wheelchairs cannot afford to hire expensive wheel chair lift service vehicles, so they don't go to the doctor when they need to
- 2 people noted – The commuter line is fabulous – but working through the connections is a hardship - from end of commuter line to the doctor is the issue
- Transportation across counties is a problem. Those with mobility or cognitive issues – it can take 12 hours to get to the doctor
- Call-a-Ride in Jackson County – nothing in Josephine County as a complement
- Bus not running on Sundays
- Have to walk a long way to get to the bus in many areas
- Takes too long to get to Ashland and Talent to Central Point

2. What works?

- Pleasantly surprised that buses run every 15 minutes between Talent to Ashland
- Call-a-Ride ... " when they have volunteers, it is fabulous --especially for medical appointments"
- TransLink – hear good things about the timeliness
- Ready Ride (2 people noted) and TransLink (4 people noted) offers extra rides for shopping sometimes

- Ready Ride will offer assistance in picking up a food box under special circumstances
- Malls, Costco, Walmart, and Fred Meyer all provide wheelchair for those who need this option; need to call in advance and they will meet the person at the car door
- Have clients that are so grateful for Valley Lift
- The RVTD download application is convenient
- Heard that the Bicycle Program is being used more than last year

3. Ideas

- Set up Park & Ride opportunities along Highway 5 to connect with public transportation
- 4 additional people noted – Really like the idea of a freeway express ride on Highway 5 (the Park & Ride" concept)
- Complete the Bike Path to get from Ashland to work in Medford and Central Point
- Develop more opportunities for Valley Lift passes, Valley Lift scholarships
- Avoid the requirement for correct change for Valley Lift transport – this causes a problem for elder and disabled people who cannot access change readily (little access to banks and stores due to lack of transportation)
- Offer a sliding scale pass with Valley Lift for multiple ride passes (reduced price)
- Educate people that a companion rider can ride for free on Valley Lift by application
- Note: currently, Valley Lift offers Skills Trainers to not pay for accompanying a person with mental health issues as they learn. This option should be universal for all persons who are helping those with mental health issues to learn about ridership.
- 12 people note: Need for Translink to work with consumers outside of being Medicaid recipients (go after grants to secure funding)
- Encourage Uber-type services for more rural areas, such as "Red Van" \$5 dollar rides
- Make services user friendly by utilizing recent technology to allow for shorter waits – application usage
- Offer a "Navigation 101 Class" to train clients when arranging pre-set appointment for rides
- Develop an obvious and easy to remember phone line to call a "Coordinated Transportation Contact Person"
- Desire for flying cars
- Desire for a streetcars named "Desire"

United We Ride Background Information relevant to Conversations

From United We Ride Plan 2017-2021

Per the Oregon Office on Disability annual report for 2014, almost one third of Jackson County adults (18 and over) have a disability.

Unmet Needs – Transportation Barrier Impacts

1. Social isolation
2. Job loss (real and potential)
3. Cant attend:
 - a. Classes,
 - b. Trainings,
 - c. Court mandated appointments,
 - d. Physical or occupational therapy,
 - e. School events,
 - f. Recreational events,
 - g. Worship services,and
 - h. to daily errands, such as grocery shopping

The three greatest reported were, **medical, shopping/multiple errands, and trips the existing lines could/cannot accommodate.**

The 2016 survey of users revealed that the things they would most like fixed are:

Public transit: Frequency of bus service along several routes needs to be increased, service area needs to be expanded, additional bus stops need to be added, hours of operation need to be expanded to include night service until 9 pm and weekend service on both Saturday and Sunday, hours of operation should coincide with employees' shifts at large employers, new routes need to be created for neighborhoods which currently are not served and all three hospitals should be served by public transit.

TransLink: Waiting time window for departures and pickups needs to be shortened, travel times could be shortened by more efficient scheduling.

Valley Lift: Fare is too expensive, schedulers are not helpful at the Call Center, drivers appear not to use the most direct routes, inefficient program, timeframe for approval of services is too long.

Volunteer drivers: More programs with volunteer drivers, such as Call-A-Ride, are required to meet the demand, create more transportation programs with volunteer drivers. These new programs should be.

Transportation Barriers for People with Disabilities Conversation - Comments by Issue Area

What is working well?

Expanded Service

Saturday services, extended hours, expanded routes – all the work RVTD is doing
Some employees at Arc couldn't come in to work on Saturdays in the past – we're glad the service has been extended
Pleasantly surprised that buses run every 15 minutes between Talent to Ashland

Alternative Mode Options

Bikes - transport of bicycles on buses, rentals, bike lanes.
Curb cuts helps with walking to public transportation
Sidewalk improvements for seniors/disabled access
Buses that accommodate lowering steps for elders
Pleased that there is a new option coming :UBER & LYFT
Malls, Costco, Walmart, and Fred Meyer all provide wheelchairs; call in advance and they will meet the person at the door
At Compass House there's a bike rack that gets used pretty often.
At Arc tenants in their apartments use bikes
Twin Creeks has two senior areas, HUD and an independent living area, residents have taken to riding bikes – their rides are limited to the complex. The feeling of safety on the grounds contributes to it.
A couple employees bike to work at RVCOG and it seems to work for them.

Convenience

Once you get into the system it's fairly easy to navigate
The RVTD download application is convenient
Ready Ride and TransLink offer extra rides for shopping sometimes
Ready Ride will offer assistance in picking up a food box under special circumstances
TransLink – hear good things about the timeliness

Medical Transport

Medicaid transportation – the brokerage TransLink
Call-a-Ride in Jackson County from Community Volunteer Network
Rogue River Community Center – similar to CVN Call-a-Ride - but mostly to Grants Pass usage and very small
CCO's work with the transport companies to make special exceptions for people
Have clients that are so grateful for Valley Lift

Price

Price is fairly reasonable for the bus transit
Insurers can cover a portion of the Valley Lift and Translink, bringing the fare down to \$4 each way.

Personnel

Friendly Service
Happy with relationship with RVTD and the services they provide.
Specifically mentioned bus drivers & staff.

What is not working well?

Service Expansion Needed

Not enough public transportation
Problems in accessing Food and Friends meal sites
Not adequate public transportation to where people live
Need for more service that offers accessible van sharing
Limited access to Valley Lift's established boundaries
Bus service beyond White City seems non-existent. Connector was unknown to this group.
What do you do if you work on Sunday?
Difficult to get service out to Eagle Point and other outlying areas in the valley

This lack of availability limits job opportunities for their clients (When pressed to specify a number , she said that it could be as many as 5-10 per year.)
"Buses don't always run when they're needed particularly on weekends when people have to live the rest of their lives out". Emilie's quote.
The timing of routes to big businesses/employers doesn't always line up favorably for members trying to get jobs and keep them.
The bus doesn't go into the neighborhoods where folks live.
Problems with Alternative Modes of Transportation
If you're non ambulatory, a bus stop any distance away can be impossible.
The bike riding is unsafe in the Rogue Valley.
Walking can be dangerous.
For those could bike the distance a route does not cover, there isn't always room on the bus (or bike racks aren't in good repair) to carry their bikes and this sets them back and can make them late for work, which can
And it's not safe to park your bike at any of the businesses. About once a month bikes are being stolen in Centra
Inonvenience
Wait time – huge waiting window Trans Link and Valley Lift - if you leave and the ride comes late, it affects eligib
It's difficult when drivers arrive early and tell members they must leave immediately.
There are times when the lift doesn't show up at all.
No assistance from schedulers making sure riders are covered (ie. How are you getting home?)
Ready Ride and Translink and Valley Lift – Pick up areas sometimes weather issues, sometimes away from the place of origin, pick up in unsafe areas, unsheltered areas.)
2 people noted – The commuter line is fabulous – but working through the connections is a hardship - from end of commuter line to the doctor is the issue
Takes too long to get to Ashland and Talent to Central Point
3 people noted – Ready Ride and Translink – the timing is problematic issue... have to go really early before appointments & wait long time for pick-up
Medical Transport Problems
Option such as TransLink that helps pay for transportation for seniors who are not on Medicaid
Deficit in medical transportation in general
People on Medicaid turn 65 years old and are then left out of medical transportation
No number to call after hours when ride does not arrive
Sometimes there's a difficulty getting their clients to doctor's appointments, specifically specialized doctors .
Sometimes people miss their rides through no fault of their own and must wait hours for new ride
Differences between what caregivers role can be, and what established transportation options role can be.
Some clients cannot understand and/or follow the process on how the pick-up options work.
Price
Need for coupons for discounts for taxis for seniors and people with disabilities
6 people noted- Pricing for established transportation can be out of range financially for some people
Solution Ideas
Service Expansion
Creative ideas such as vans from nursing homes - utilization of idle transportation in community
Mix of school transportation with public transportation
Extend bus ranges out toward Eagle point.
Capacity accommodations? A few vans?
Ridership up with expansions...
Population of riders, like people working at Harry and David or Amy's kitchen can't get to work or can't get back.
Extend hours just in large employer areas. Even just during shift changes.
Twice on Sunday?
Route extensions.

Alternative Mode Options

Use of rickshaw bikes to take participants from senior homes to access fresh air and have social interaction

Support Uber and Lyft as opportunities

Bypass roadways

RVCOG employees, people disabilities are looking to raise \$\$ to put in Trikes and the base for them to put in in M

Set up Park & Ride opportunities along Highway 5 to connect with public transportation

Connect Bike Path to workplace locations from Ashland to Medford and Central Point

Encourage Uber-type services for more rural areas, such as "Red Van" \$5 dollar rides

Medical Transport

Educate people that a companion rider can ride for free on Valley Lift by application

Convenience

Is there some sort of confirmation that a ride is scheduled (texting?).

A designated staff that works on coordinating transportation opportunities

Safety. Going to the transfer station employees and patrons comment feeling intimidated on the bus and at the station, especially extended waiting at the station.

Increase shelters – for weather.

Bus schedules at the stops

Turnouts for bus stops at certain points.

Add to App information current bike space availability on buses - valuable time saver - even prevent job loss.

Avoid the requirement for correct change for Valley Lift transport – this causes a problem for elder and disabled people who cannot access change readily (little access to banks and stores due to lack of

Make services user friendly by utilizing recent technology to allow for shorter waits – application usage

Offer a "Navigation 101 Class" to train clients when arranging pre-set appointment for rides

Develop an obvious and easy to remember phone line to call a "Coordinated Transportation Contact Person"

Price

Provide free transportation for people over 60 years old.

Develop more opportunities for Valley Lift passes, Valley Lift scholarships

Offer a sliding scale pass with Valley Lift for multiple ride passes (reduced price)

Need for Translink to work with consumers outside of being Medicaid recipients (go after grants to secure fundi

General - Misc

Transportation is an essential service, and needs to be available to all. You may not need public transportation right now, but tomorrow you or a family member may need it and it could make a real difference for you.

Political action strategy to advocate – look at coordinating legislative action

We should be willing to support additional taxes for improved transportation ;there are many benefits (including financial benefits) in the medium to long run that aren't immediately obvious

Set up a 'Citizens Complaint Panel' that is responsible for tracking the performance of ride providers and using their input to help determine whether contracts are granted/renewed.

Charge a flat \$5 no-show fee to disincentivise ride providers from not showing up on time (currently they receive full fare reimbursement from CCOs whether they provide a ride or not).

Desire for flying cars

Desire for a streetcars named "Desire"

Emilie Wylde, Living Opportunities
What Works Well (From Managers)
Medicaid transportation for some people – the brokerage TransLink
Call-a-Ride in Jackson County from Community Volunteer Network
Rogue River Community Center – similar to CVN - but mostly to Grants Pass usage
Transport of bicycles on buses
Buses that accommodate lowering steps for elders
Curve cuts helps with walking to public transportation
Sidewalk improvements for seniors/disabled access
Bike lanes – but drivers need to understand sharing the road
Saturday services, extended hours, expanded routes – all the work RVTD is doing (2)
Price is fairly reasonable for the bus transit
Vouchers for medical transportation huge for Compass House members
CCO's work with the transport to make special exceptions for people
Once you get into the system it's fairly easy to navigate
Insurers can cover a portion of the Valley Lift and Translink, bringing the fare down to \$4 each way.
Some employees at Arc couldn't come in to work on Saturdays – we're glad the service has been extended
Happy with relationship with RVTD and the services they provide.
Specifically mentioned bus drivers & staff.
Pleased that there is a new option coming: UBER & LYFT
What Works Well (from Direct Service Staff)
Pleasantly surprised that buses run every 15 minutes between Talent to Ashland
Call-a-Ride ... " when they have volunteers, it is fabulous --especially for medical appointments"
TransLink – hear good things about the timeliness
Ready Ride (2 people noted) and TransLink (4 people noted) offers extra rides for shopping sometimes
Have clients that are so grateful for Valley Lift
The RVTD download application is convenient
Heard that the Bicycle Program is being used more than last year

What Isn't Working Well (From Direct Staff)
Differences between what caregivers role can be, and what established transportation options role can be. Caregiving role can't provide transportation, transportation role can't provide caregiving (example: no hands on assistance) (Call-a-Ride on occasion will walk someone to house; Valley Lift
Severely disabled people cannot get out and about to reach transportation options. Connectivity is a
Example of severe concern: Valley Lift was called for a pick-up, the 88 year old woman (on oxygen) had to use the bathroom, when Valley lift arrived and she was not waiting there visibly, they left. She
Some clients cannot understand and/or follow the process on how the pick-up options work.
Impediments – stamina, mental health, medical issues 17 people noted this concern – Outside of Valley Lift areas of service, people in wheelchairs cannot afford to hire expensive wheel chair lift
2 people noted – The commuter line is fabulous – but working through the connections is a hardship -
Transportation across counties is a problem. Those with mobility or cognitive issues – it can take 12
Bus not running on Sundays
Have to walk a long way to get to the bus in many areas
Takes too long to get to Ashland and Talent to Central Point
3 people noted – Ready Ride and Translink – the timing is problematic issue... have to go really early
Ready Ride and Translink and Valley Lift – Picky about where they pick people up (weather issues, sometimes away from the place of origin, pick up in unsafe areas, unsheltered areas.)
6 people noted- Pricing for established transportation can be out of range financially for some people
Solutions Ideas (From Managers)
A designated staff that works on coordinating transportation opportunities
Creative ideas such as vans from nursing homes - utilization of idle transportation in community
Mix of school transportation with public transportation
Political action strategy to advocate – look at coordinating legislative action
Use of rickshaw bikes to take participants from senior homes to get them out on bike routes to access
Provide free transportation for people over 60 years old.
Support Uber and Lyft as opportunities
Wishes we had a bypass for cars.
Extend bus ranges out toward Eagle point.
Capacity accommodations? A few vans?
Ridership up with expansions...
Population of riders, like people working at Harry and David or Amy's kitchen can't get to work or can't get back. Extend hours just in large employer areas. Even just during shift changes.
Twice on Sunday?
Safety. Going to the transfer station employees and patrons comment feeling intimidated on the bus
Vans might make safer and fill capacity.
Increase shelters – for weather.
Bus schedules at the stops
Turnouts for bus stops at certain points.
RVCOG employees, people disabilities are looking to raise \$\$ to put in Trikes and the base for them to
Emphasized the importance of transportation to the community .Good transportation needs to be compared to Police and Fire services, and needs to be available when it's needed.
She said something to the effect that transportation is an essential service, and needs to be available to all. You may not need public transportation right now, but tomorrow you or a family member may
We should be willing to support additional taxes for improved transportation; there are many benefits (including financial benefits) in the medium to long run that aren't immediately obvious

Always interested in new and creative solutions to this challenge that is shared by many of us .
Suggested legislative opportunities?
Route extensions.
Have the great apps add whether there is bike availability - this could save valuable time - even prevent
Set up a 'Citizens Complaint Panel' that is responsible for tracking the performance of ride providers and using their input to help determine whether contracts are granted/renewed.
Charge a flat \$5 no-show fee to disincentivise ride providers from not showing up (currently they receive full fare reimbursement from CCOs whether they provide a ride or not).
