## **Media and Interested Parties**

### **Policy Working Group, subcommittee of Clackamas County's TSP Public Advisory Committee, to meet Thursday, April 5**

The first of six subcommittees -- or working groups -- of the Clackamas County Transportation System Plan (TSP) Public Advisory Committee will hold its first meeting on Thursday, April 5.

The Policy Working Group, charged with reviewing transportation-related policy issues such as economic development, safety, transit, bike/pedestrian, urban road operating standards and rural road operating standards, will meet from 2-4 p.m., Thursday, April 5, in Room 301 of the County's Development Services Building, 150 Beaver Creek Rd., Oregon City.

Members of the public are welcome to observe the meeting.

This meeting is part of an 18-month TSP update process, to review and update plans and policies for various forms of transportation – roads, transit, walking, bicycling, rail, air, freight, waterways and pipelines – in unincorporated Clackamas County. When complete in 2013, the TSP will specify priority transportation projects for the next 20 years and address how those projects, and maintenance of the current system, can be funded.

The Public Advisory Committee (PAC), made up of 22 residents from throughout Clackamas County, and a Technical Advisory Committee are integral parts of the review process.

More information about the project, information on upcoming meetings and opportunities for input are available on the project website at [www.clackamascountytsp.com](http://www.clackamascountytsp.com).
